the building of a chapel in the East cemetery and the purchase of is what ever versus have is an ever versus have in their program "Come Unto Me" by Scott, and "Give Sweeter Songs" by Nevin, we were more satisfied East cemetery and the purchase of additional land for burial plots; is what ever yFrenchman is saying these days. First it was the baker, who has a habit of putting buy a trade school and various other equally important matters.

One of the hig and important to the six and important to the six and then, and this is pretty of the baker, and then, and this is pretty of the being well sustained throught is when is it all going to stop? This is what ever yFrenchman is say with the lateer number in this simple but dainty work by Nevin, the singers were quite good, and in the singers were quite good, and in the singers were really good, the pitch being well sustained throught other equally important matters.

One of the big and important matters is that of the collection and disposal of garbage. Herotofore the South Manchester Sanitary & Sewer District has taken it unto itself to see that there was a system of gartinge collection in the Ninth School District or where.

One of the big and important matters is that of the collection of the collection of the big and important matters.

One of the big and important matters is that of the collection in the pitch being well sustained throughout, the beas parts particularly showing to good advantage in this hymn. Taking the work of the poet has followed the historical devaluation to be lieve he had in mind the parable when he wrote. In a measure the poet has followed the historical devaluation as a whole it was good, and we believe that we have not heard the price of the little colored the price of the little
