Our service station will be in charge of Mr. Harry Bellamy, whose expert work is well known in Manchester and vicinity. We have equipped our station with the latest machinery and can offer a service excelled by none and equalled by few in these parts. We shall strive at all times to render not only the most economical service on Dodge Brothers cars but all other makes of cars and trucks left in our charge.

Open from 8 a. m. to 9 p. m. daily (except Saturday.)

We cordially invite your inspection this afternoon at five o'clock, or at any other time which may be more convenient to you.

This is to announce that my new salesroom and service station will be formally opened to public inspection at Center and Knox streets this afternoon at five o'clock and the public and motoring fraternity in general are invited to call and inspect our new show rooms and facilities for giving service on Dodge Brothers cars and all other makes of automobiles. Besides the Dodge Cars we will also specialize on Graham Brothers trucks, for which we have the agency for Manchester and vicinity.

pills registered. A majority of these pupils come from the outlying districts. While the high school building is leased to the district by Cheney Brothers for a nominal sum it would be unthinkable to exclude pupils from the outside district. Mr. Cheney said the district committee believed the better solution of the problem would be for the district to construct a trade school building on School street east of the present heating plant and use the present trade school building for high school purposes. Through proper legislation the town could lease or arrange to buy the new trade school building and by using the Franklin school the high school problem would be may be a saw fit and that the town should have the option of building at whatever grade he saw fit and that the town should only give the street grade.

Mr. Holl finally offered an a-

the high school problem would be solved for at least five years.

He also intimated that with this formish the results the town should formish the results the town should formish the results the res he also intimated that with this action the town would be binding furnish the spplicant for a building furnish the spplicant for a building permit with the street grade instead of the grade at which the it would be a very costly proposiit would be a very costly proposi-tion to build another high school in a different location and thus have the original by law as amended to provide the gymnasium, trade and the meeting adjourned. JOHN P. BUCKLEY

are a part of the high school system at the present time. Mr. Chen-ey said additional high school faclities could be provided north of the present building by constructing an addition to the present building. This would probably be necessary in five or ten years, at the present growth of the district. However, by accepting the present proposition it would not necessarbind the town to this action. Another high school building could be constructed in another loenlity if the voters wished to go to hat extra expense. The meeting roted to authorize the selectmen to proceed with the plan as suggestod by the committee in conjunction with the school authorities. More Money for Schools An appropriation of \$7,000 was

Washington, March 5-Mor day by the Senate oil investigator in their search for the hidden in-fluences and secrets that surrounded the great oil scandal.

These mesages were found in files of the Postal Telegraph and were produced under protest from the company officials. After considering them behind closed doors, the committee turned them over to W. F. Friedman, army rode expert, to decipher.

The messages were presented to the committee under the "general dragnet" subpoens calling for all elegrams in or out of Washington sent or received by the principal figures in the oil scandal, particularly McLean, Sinclair, ex-secretary of the Interior Fall, E. L. Doheny; Col. J. W. Zevely, Sinclair's counel; W. O. Duckstein, and John F. Major, McLean's confidential men.

Messages Received The agricultural situations. Charges involving juggling elegrams that passed in and out of Washington from December 1, 1923 February 29, 1924 have been

hich were delivered in sealed en-

telegrams that passed between
McLean in Palm Beach and his
