Huge Crane Scale

Practically every day industrial progress develops a new use for a weighing device or scale particularly adapted to meet specific requirements. A new scale was developed for the United States government for the purpose of measuring the puil on cables used to hold an airably at its moorings and this scale was immediately adapted for the measuring of unawal, heavy loads on cranes or booms where weights or loads up to 10,000 pounds are handled, assuring that the safe working load is not exceeded, and thus eliminating dangerous overleading and disastrous accident. The scale is of steel construction. Its accurate action depends upon four extremely heavy springs. The dail is 1 inches in diameter.—Scientific American.

Mary Lost Her Tip

A newly appointed judge of the Supreme court, who telt pretty well satisfied with himself, was dining that the safe was liming the pull on cables used to hold an airably at its moorings and this scale was immediately adapted for the measuring of unawal, heavy loads on cranes or booms where weights or loads up to 10,000 pounds are handled, assuring that the safe working load is not exceeded, and thus a justice of the Supreme court and chatting familiarily with him."

"But, sure, sir," said the girl, with him."

"But, sure, sir," said the girl, added at lowel in a room with a justice of the Supreme court and chatting familiarily with him."

"But, sure, sir," said the girl, added to my huxband, and while the barber turned away for a month of a many privileges in this country to the clustrook the hand of my suspected huxband, squeezed it and said: 'Helio, dearie: "Imagine how I felt when a cornel of the towel lifted and an an amazed face I had never seen be a process of a postage stamp, and the report of the Carlesworth constitution."

"But, sure, sir," said the girl, and said: 'Helio, dearie: "Imagine how I felt when a cornel of the towel lifted and an an amazed face I had never seen be

"I would I were a bird!" waited the fair girl at the plano.
"I would you were a box of axis grease," bissed the dark man under the palm.
"I wonder what he means by that?" asked the lemon-haired malden.
"He means that axis grease stops screeching," whispered the man in the black suspenders.

**No Waste Involved*

A Hot Springs girl recently that across a lot of love letters written many years ago, by her mother to her father before they were married. The daughter pretended that the letters were of recent date, and reed them to her mother, who was read them to her mother, who was disgusted beyond measure, saying it was surprising that such silly "Lawdy, man." replied Henry boastfully. "Ise done got a magnolious position. I'se a bank dimen to be, but I am. Every night in locking up I keep tossing the cat into the back yard when there is no back yard."

No Waste Involved

ederful Playing of Odhum Gives Unionville First Victory in Three Attempts Over Green and White-Crescents Way in Lead at Start-Crowd Goes Frantic in Last Period-Summaries.

Unionville, Conn., March 7—The Grescents of Manchester almost suggested in making it three straight over the local town team last night in the town hall and would have only for the wonderful playing of Odium, Unionville's "suge shot" forward, who ran wild in the closing minutes of the last half. It was the fastest and most conting game played here this segson and the fans were treated to farills galore. During the last seven minutes of play nearly every seven minutes of play nearly every man in the packed hall was standing up and the applause given Odlum, Union ... Burke, Cres Odlum, Union ...
