Now these samples, that have passed the critical inspection of 2,500 buyers from all over the United States, will be on exhibition and sale at our store beginning tomorrow.

The advantages of purchasing one of these samples are: FIRST: That you have a suite that is better made than ordinary.

SECOND: That you are buying it at a very substantial discount.

THIRD: That you will have a suite that in all probability will be unlike anyone else's in this vicinity, as these samples are shipped to no other dealer in the East.

We have made the prices particularly attractive for quick sale as we are rather short of room. In fact we had to dismantle our "Cottage" in order to make room to show them at all. Included in the list of 26 two and three piece suites and 26 odd chairs and davenports are a few samples from the Jamestown Exposition.

Intelligent, particular women are as careful about the kind of household soap they buy as they are about their toilet soap.

THESE women have learned to insist on Kirk-I man's Soap-they know that Kirkman's is as harmless to the hands as is the most exquisite toilet

Kirkman's Soap, being free from irritating lye, will not harm the skin or injure the most delicate fabrics. Its every ingredient is the purest and finest-containing no adulterants such as starch, tale, or waterglass-which have no cleansing value.
