## **Grand Theater**

Laura La Plante, the beautiful little blonde screen actress who has recently come into such prominence in the motion picture world, makes her final bow to the film public as leading woman in "Sporting Youth", coming to the Grand Theater Friday and Saturday. Henceforth she will be starred in her own special Universal attractions, according to advice from President Carl Laemmle.

The picture is a Universal-Jewel feature of automobile racing starring Reginald Denny, hero of the famous "Leather Pushers" series, "The Abysmal Brute" and "The Kentucky Derby", all of which personify the spirit of turf. Miss La Plante has been with Universal for three years and has played in almost every type of play from one-real comedies to episocie chapter plays of multiple-reel! length, which as a rlue portrayed the spirit of sporting youth.

She has been made a star in her own right by Carl Laemmle, present of the Universal corporation, d has already been filmed in the farring role of her first picture under her new contract, "The Thrill Girl", a comedy drama. The promotion was the result of her work in Sporting Youth."
