# You Can Beat The Life Out of Rugs and Carpets But-You Cannot Beat **CLEANNESS Into Them**

It has been tried for years and it cannot be done. No amount of whacking will beat all the dirt or any of the stains from rugs and carpets. Why flog your floor coverings within an inch of ruination? Why raise a whirlwind of dust for the family and neighbors to consume?

When we clean your carpets and rugs by our Special Shampoo Process you can see and feel cleanness all over, all through. Dirt and grease spots are dissolved and washed away by pure soap and water. The Shampoo Process is gentle, harmless and thorough. It cannot wear, tear, discolor or loosen the fibers of the finest rug. Shampooing leaves only brightness and cleanness to show where dirt has been.

# We'll Take as Much Care in Shampooing Your Rugs As If They Were Our Own

We cannot give you more assurance or a safer guarantee than this. When you entrust your rugs and carpets to our Shampoo Process your work is placed in safe hands.
