A REAL TRIP WITH **WORRY LEFT BEHIND**

If you are preparing for it by pay day deposits in a savings account with this bank, your vacation this summer will pay big dividends on what it costs.

It will be a real trip to a real pleasure ground, without a single money strain or expense worry.

There is still time to enhance the joys of your vacation by building up a fund for it in advance. Ten or twenty dollars a week deposited here will be a worth while sum by the first of August.

NATIONAL MUSIC WEEK-MAY 5 to 10

Music for Happiness

The greatest legacy that anyone can inherit is the ability to enjoy life. Love for music is a heritage which none can take from our dear ones, and the opportunities to enjoy it are countless. Leave them that love as a key to happiness. Music is not like other pleasures-here today and gone tomorrow.. It is an enduring part of one's very being.

And now more families than ever can enjoy music in their homes. The Music Week Special piano was reduced in order to make more homes happy with music. This handsome upright piano in modern mahogany case \$295

Terms: \$10 Monthly

Own a Victrola On Easy Terms

Summer is the time when everyone wants music. Everywhere you go you will hear it. The music of a Victrola can be enjoyed on the porch as well as indoors. Our Popular Payment Plan makes it easy to own one of these fine instruments. Victrola No. 260 illustrated.

Be sure to see the Jubilee Dining Suite made by Berkey & Gay of SOLID MAHOGANY that has been displayed in our window the past week. Now on display in the "Cottage." 10 piece suites \$375.

MUSCLE SHOALS VETO

The Salem, Oregon, Daily Capital Journal, an independt paper, shows that in 1903 Congress passed the first Muscle Shoals bill, giving the power project to N. F. Thompson, cage. resentative of a group of capitalists. The bill was vetoed there is strict adherence to the rules. Soldiers do not keep tious persons. by President Roosevelt whose veto message contains argu- step merely to please the commander; they keep step bements against granting this franchise to any one interest or individual. Among reasons cited were the following:

"Wherever the government constructs a dam and lock for the purpose of navigation there is a waterfall of great value. It does not seem right or just that this element of local value should be given away to private individuals of the vicinage and at the same time the people of the whole country should be taxed for the local improvement.

"It seems clear that justice to the taxpayers of the country demands that when the government is or may be called upon to remove a stream, the improvement should be made upon to remove a stream, the improvement should be made upon to remove a stream, the improvement should be made upon to remove a stream, the improvement should be made upon to remove a stream, the improvement should be made upon to remove a stream, the improvement should be made upon to remove a stream, the improvement should be made upon to remove a stream, the improvement should be made upon to remove a stream, the improvement should be made upon to remove a stream, the improvement should be made upon to remove a stream, the improvement should be made upon to remove a stream, the improvement should be made upon to remove a stream. And morality itself is practically nothing more than the same river to which this one release there is an authorized project for improvement by the government at a cost of over \$800,000, and that an offer has been made by a responsible citizen to do the entire work without expense to the government, provided he can be authorized to use the Keeping the rules of the game. The most deeply immoral person is the one who does as he pleases. He is not only immoral person is the one who does as he pleases. He is not only immoral for something memorable to happen.

Something memorable to happen.

Supplied the rules of the game is the only way in which that is satisfactory in trade and the control of the third decade may look for something memorable to happen.

Supplied the rules of the game is the only way in which that is satisfactory in trade and the control of the third decade may look for something memorable to happen.

Supplied the rules of the game is the only way in which that is satisfactory in trade and the control of the third decade may look for something memorable to happen.

Supplied the rules of the game is the only way in which that is satisfactory in trade and the control of the third decade may look for something memorable to happen.

Supplied the rules of the game is the only way in which that is satisfactory in trade and the control of the third decade may look for something memorable to happen to happe

idered in a comprehensive way and that a general policy apto have fun. Fools imagine that the purpose of rules is to

Railways and the postoffice service are to benefit before mid-sumpropriate to new conditions caused by the advance in electri-cal science should be adopted under which these valuable ights will not be practically given away, but will be disposed f after full competition in such a way as shall best conserve the public interests."

WORLD-WIDE RADIO SOON TO BE FACT

Vice-President H. P. Davis of Westinghouse Electric & are those who keep the rules of the same. danufacturing Company predicts that process of "radio re-"recently developed is the "open sesame" to worldwide wireless and will make possible receiving of programs from any part of the globe, with the same ease with which we now hear programs from stations only a few miles from

"This system," says Mr. Davis, "means world-wide radio it also means less interference to the radio listener, for, Washington, D. C.—All the few people, however, know just the a selective receiver, he could still hear long distance stawith a selective receiver, he could still hear long distance staions even though the local station should be repeating a Lonion program.

Politics is full of it.

Take the stunt James E. Watson,
now United States senator from
Joe Bristow, the long, lank, for-

"Such a system will also need a world-wide and very ef-"Such a system will also need a world-wide and very efficient program-collecting organization. This program organization will be operated somewhat like the great news agencies and will continually be on the search for interesting of these solid, stolid citizens will also need a world-wide and very efficient program-collecting organization. This program organization will be operated somewhat like the great news agencies and will continually be on the search for interesting of these solid, stolid citizens one day a speech one day and defeated the victor rograms from every point in the world."

OUR NATIONAL FIRE LOSS

Opportunity for the practice of genuine thrift, absoluteapart from parsimony is pointed to by fire loss statistics. It is a national maxim of China that that which is burned

\$500,000,000 of property in the United States. By far the the country folks as Watson. One great majority of fires are preventable. Half a billion of perfectly good dollars is a handsome enough sum to command anybody's attention, and it is a de-

What is happening every day in the fire menace and waste, shows clearly enough that we are still a very long way from indulgence in over cautiousness against fire. There are opportunities in the situation for all to contri-

bute towards reducing these calamitous losses, and practicing a kind of thrift that is indeed worth while. That half billion could be put to infinitely better use but not to worse.

TAX-EXEMPT SECURITIES It is a law of economics that money follows the line of

east resistance; and since tax-exempt securities furnish that ine, money flows into this channel. Collecting interest on bonds requires about as little ener-

ey as turning over in bed when one gets tired of a fixed posi-Just now there is strong sentiment in favor of taxing

pire Ku Klux-K. C. Ball Game columbus, O., May 9.- In an Samuel Mayerberg, Dayton, wished for 't'he dawn of the day when baseball teams, repin Search of Talent.

> standing feature of the baseball season this Spring has been the unprecedented demand for capable young pitchers. Managers combed the country for promising box recruits, nursed them along during early workouts with all the soficitrde shown by a landlord for his annual ton of coal, and started the oungsters in league games when ever possible.

Clash Next Week fests, and legsided scores. Senti-Plenty of Sluggers

GARMENT CENTER

You Can Beat The Life Out of Rugs and Carpets But-You Cannot Beat **CLEANNESS Into Them**

It has been tried for years and it cannot be done. No amount of whacking will beat all the dirt or any of the stains from rugs and carpets. Why flog your floor coverings within an inch of ruination? Why raise a whirlwind of dust for the family and neighbors to consume?

When we clean your carpets and rugs by our Special Shampoo Process you can see and feel cleanness all over, all through. Dirt and grease spots are dissolved and washed away by pure soap and water. The Shampoo Process is gentle, harmless and thorough. It cannot wear, tear, discolor or loosen the fibers of the finest rug. Shampooing leaves only brightness and cleanness to show where dirt has been.

> We'll Take as Much Care in Shampooing Your Rugs As If They Were Our Own

We cannot give you more assurance or a safer guarantee than this. When you entrust your rugs and carpets to our Shampoo Process your work is placed in safe hands.

Write or phone for us to call.
