MOTHER'S DAY TOMORROW

Mother's day will be observed with a touching form of sanctity tomorrow. It ought to be. Among terrestrial things it is none to whom a higher reverence is due from son and daughter.

THE MIDDLE COURSE

It is unfortunate that the modern municipality cannot simultaneously lower its taxes and increase its public improvements. To wish for as much is no less futile than the search for the fountain of eternal youth.

Many communities try to evade the issue but all eventually must choose low taxes or public improvements, or compromise. It is notable that those towns and cities which boast of low tax rates cannot boast of their public improvements because they have none of the latter.

PERENNIAL IDEALISM

All Americans may be called idealistic on one subject. During and since the World War this idealism rose in fits and starts to feverish heights. It was on the tongues of the nation and in the minds of all.

WANTED—GENTLEMEN

By DR. FRANK CRANE

The greatest need of the world today is Gentlemen.

While it might be said that the greatest need is the Christian, that would count too much. The legacy of two thousand years of struggle makes the idea of the Christian suggest creed, party, contention and war cries.

The word Gentlemen contains about the practical substance of the word Christian, what you might call its usable residuum.

If there is anything that is a Simon pure and genuine "long-felt want" it is the Gentleman.

We even need the Gentleman in the uplift. That is, we need less Bible thumping and more appreciation, courage, enthusiasm and inspiration from the Sacred Desk.

At least, we need a little more restraint and consciousness of responsibility.

The Gentleman is needed in the newspaper office. Even the reporter can tell the truth without being a boomer. The editorial writer would carry much more weight if he realized that vividness, sincerity and fearlessness are vastly more convincing than reckless attack.

We desperately need Gentlemen in Congress, and in the Senate. We need men there who will not take advantage of their immunity to make statements they would not dare to make outside.

A Gentleman habitually understates, and is careful not to exaggerate.

A Gentleman plays fair, works fair and talks fair. A Gentleman is one who controls himself; thus he is equipped to control others.

A Gentleman is considerate of those weaker than himself, and not afraid of those stronger than himself.

A Gentleman conceals a hand of iron under a glove of velvet; the non-Gentleman conceals a flabby hand under an iron glove.

We need reformers, we need protesters, we need business men, legislators, preachers, bricklayers and bankers; but most of all we need that every one of us shall be a Gentleman.

DAILY NEWS LETTER

A Vegetable Museum

Washington, May 10.—Just Center, the nation's largest vegetable museum, will open its doors to the public tomorrow.

On the Practical Side

The practical side of the later is not a museum at all. It is just Center, the nation's largest vegetable museum, which will open its doors to the public tomorrow.

Here the spectrum has been taken

and its shades and hues have been put on their heads together.

By HARRY B. HUNT

NEA Service Staff Writer.

WASHINGTON, D. C., May 9.

The House of Representatives today passed a bill to amend the National Prohibition Act, giving Congress complete control over the manufacture and sale of alcohol.

There is a destiny now possible to us

the highest ever set before a nation to be accepted or refused. We are still unprepared in many ways to meet the crisis and the challenge of the future.

There's a place for everything—except your knees at a movie.

Reason a man does things is because he wants to, and the reason a woman does things is because.

NOT WHAT YOU WOULD CALL A PERFECT FIT

There you see color the hues of the sea, Garrets and oranges, side by side, resting a mile from a prison where the primary red and yellow put the best they have into a blend of orange.

You might think the white radishes, tumbling from a tilted basket in the fashion of a cornucopia, were really white coral, unless you try to bite them.

The person who never has looked into fish boots and seen lobsters, crabs, salmon, shad, stringers, eels, and catfish, such as one finds in Center Market, has not seen color at its best.

It is not however, all edible color. There are booths that deal exclusively in powers, their lists are so long, they fill the aisles of the sweet pea, the deep, true blue of the violet, the rich purple of the pansy, and yellow of the aster and the softer gamboge of the jewel.

The color scheme of the market, and the peddlers, too, is vivid. Shaw and bright skirts, also. Gaily handkerchiefs drip, from hip to hip, and the most striking of all are the vegetable trucks back into stalls, the vehement arguments of the market members.

Indeed the visitor to Washington who goes to the National Museum and reflects on his way out to visit the other markets, just across the corner has seen half of what there is to see.

Business has a airy good look, but it must be conducted in a conservative manner, if serious results are not experienced from the enterprise that promise large profits.

New discoveries of wealth in inaccessible spots are indicated by the stars.

Investors are subject to a way making for many remarkable successes. Motion pictures of great day beauty will be superseded by those of improved processes, astrologers predict.

Mysterious crimes will continue to shock the inhabitants of the United States who will find some who a great reformer of police methods.

The public mind will be aroused.

# Die's Clashes With Hartford Dixies Tomorrow

**Both Teams in Peak of Condition for Battle—Hartford's "Gas Boys" Anxious to Get Verdict Over Bronkie's Colla-Thompson or Corgett Will Pitch for Locals**

Manager Billy Anderson of the Daily News Base Ball Club, announced that the team will play the Hartford Dixies tomorrow afternoon at 2 o'clock at P. N. D. S. T. at the Charter Oak Grounds Monday night.

Among the players on the squad are David Cole who appears to be a mound artist, with Red Skippy of Hartford also available for the line duty. The manager will not put on envelope delivery but will take care of either Red Skippy or a new center fielder, Mr. Myers, at First base. Manager Billy plans to use Jones, at Second he will look after things that come his way, at third he will play Walter Henry, at short he will have Gaskell, in center Merrin, in left field, in right Manning, from present indications the full count after one inning and the team should shape up well. The Hartford Times and the Courant will be booked before the game, and then some real battle will be on tap. G. Fox & Co. team will play the News team, and when everything gets working smoothly the boys will have plenty of sport to make them forget their cares of the day.

Everyone at the News Plant and Office are standing ready to assist him in making a good showing.

**Local Amateur Teams Face Hard Schedule**

Shamrocks vs. Rockville Over at Hickory's grove, the Shamrocks, pride of the North End will look up against the crack J. J. Regan Company of Rockville. It will be remembered that the Waukegan team recently landed the local Stars of Italy a rather bad lacing in a game at the fair grounds and this alone about the caliber of the visiting team. Either Pitkin or "Bill" McLaughlin will be assigned the task of directing the course of the game.
