### WHAT ARE FRANCHISES

at the rates fixed by the state.

competition, so long as the utility is performing its functions.

These laws proved beneficial to their several communities by making more easy the acquisition of utilities by municipalities and by greatly reducing the cost of securing money by private utility, due to the elimination of the bogey of franchise expiration.

## KILLING PRIVATE ENTERPRISE

For a good many years public utility and transportation from panies were the apecial playthings of politicians who will also the popular pastime to soak them on one check and then on the other on the theory that it pleased the public and will not the other on the theory that it pleased the public and will not the other on the theory that it pleased the public and which coolings will be removed the will not be seen to the wall or loading their properties on to the taxpayers, did the people awaken to the fact that it was the probably would get a job out of the procedure.

As this fact has been driven home by dear experience in the taxpayers, did the people awaken to the fact that it was the probably would get a job out of the proceeding but the tax.

This imnigration bill re-election.

The was the popular pastime to soak them on one check and them on the other on the theory that it pleased the public and the one and the most go on record definitely. In the works of this assist of congress. The ability of voices. The tax hill like the treatment the wall or loading their properties on to the tax payers, did the people awaken to the fact that it was the public who suffered by this procedure.

As this fact has been driven home by dear experience in the fight for an against his re-election.

The miningration bill re-election for a year would and the bord and the bord away that the works are professionals for the decline while those favoring in the contract of a year would public assess the public who suffered by this procedure.

As this fact has been driven home by dear experience in the fight for an against his re-election.

The works have the every man and the properties on the fight for an against his re-election.

The works have the properties on the fight for an against his re-election.

The works have the properties of the country are less willing to be probably would get a job out of the proceedure.

The works have the properties of the country are less will be called the probably would get a job out of the pro

## SPENDING, NOT SAVING

In addition to the carefully compiled national budget, embers of Congress have introduced bills requiring further vote following the veto would find hear the other fellow you can form hand, were strong, under the leadbis path for re-election enfiladed by some idea of what he is up to, and how to get back at him. But all the cost of administration of the bonus for the first and made mighty dangerous if not bence—well, all one can do is wonontlay of \$3,500,000,000, which figures include \$160,000,000 year under the act recently passed.

Most of this money which Congress is seeking to with-raw from the treasury would be expended in pursuits entirely apart from the authorized activities of the government. If enacted, these measures would more than double govramental actities and require services of approximately

The public is grasping the fact that Congress is a spendand not a saving organization.

(Special to the News)

Thampsonville, Coun, May 14—
A timely double by Augeliese, center fielder for Enfeld High School coming with the bases full in the minth inning turned the tide against the South Manchester Trade School here yesterday afternoon and resulted in the Enfeld students winning the game by the score of 5 to 4. The Silk City nine, by means of a strong rully in the eighth inning.

C. Terwilliger, p 2 0 8 0 4 0 by his proposed fight with the elderly Charley White he will be sent after Leonard before the game to the summer. Luis is not reak-oned to have a chance, but the international element might prove a great boon to the box office.

I may have made a mistake in some of my selections and again I may not have but the team that I have chosen is what seems to me to be the best," said Coach Herman Bronkie to his squad in the direction and the common after last night's practice. "The act of picking the direction after last night's bonnell 4. Termillizer 9: struck out

lead 8 to 9 up until that fatal eighth iming but their rally in the good night stams was a life saver although front of the rally was caused by the erratic playing of the visitors.

Bonnell pitched a good brand of ball for the Trade School but the base on bulls which he issued proved to be more than costly. His man front was that he kept feeding the Enfeld batters with curver when he was in a hole and a straight ball should have been used. As a result, the Enfeld batters with care when he was in a hole and a straight ball should have been used. As a result, the Enfeld batters with care when he was in a hole and a straight ball should have been used. As a result, the Enfeld batters with care when he was in a hole and a straight ball should have been used. As a result, the Enfeld batters with care when he was in a hole and a straight ball should have been used. As a result, the Enfeld batters with care when he was in a hole and a straight ball should have been used. As a result, the Enfeld batters with care when he was in a hole and a straight ball should have been used. As a result, the Enfeld batters with care when he was in a hole and a straight ball should have been used. As a result, the Enfeld batters worked him for free tickets that proved his downfall.

Enforce by Zalokiez, third baseman for Manchester also aided by the core of the fact hat he happened to be more than costly. His man front was that be kept feed in the victory for the Enfeld boys.

In the fatal ninth, Bonnell pass—

An Attempt to Create Integrity by Legislative Act-Mere Words No Good Substitute for Individual Responsibility, Says Bankers' Chief.

The American Bankers Association The bank deposit guaranty is an attempt to establish value-to create value by order of government. Adopted first in Oklahoma in 1909, this plan was carried into several western states and threatened, for a brief time, to become a serious issue in connection with our na Insurance of All Kinds tional banking system. Recent experience has proved, in this instance as in others, that sound economic law cannot be disregarded

Oklahoma adopted the deposit guaranty as a result of the failure of a number of banks in the panic of 1907. The system was misnamed at the start. It was not a guaranty, in any true sense of the word, but simply a form of mutual insurance. The various state banks were as- gremiums which may be paid we give you a card which can sessed a limited amount, in pro- Experience has proved that the portion to their respective de- premiums are not sufficient—and be exchanged for Rogers Silposits, to pay the losses incurred yet the insured cannot affond to verware.
