FOR THAT NEW 4-ROOM HOME!

A Complete Outlit Living Room 5485.00 of Furniture Kitchen All For.

It's never too late to buy your complete home outfit at GARBER BROTHERS, because "we never have sales, we always sell for less."

With June the month of Brides only a few days away, don't overlook this announcement of four rooms beautifully furnished for \$485.00.

Twenty-three articles for \$485 is in itself worth investigating, but the real attraction is not the quantity but the OUALITY of each and every piece of furniture in this wonderful 4-room out-

Lovely to look at, the kind you will never tire of. Stylish and up-to-theminute, but not "faddish" and you will enjoy it as long as it lasts.

And it will last a long, long time, let us emphasize this important fact. It will grow old gracefully and not with a jump. Every piece is of fine material and substantially made

We could say a good deal about this attractive and practical 4-room outfit and repeat the words of praise made by all who have seen it, but the thing for you to do is to see it yourself.

Come to our display room and examine the complete outfit carefully and then consider the price of only \$485. You will, like lots of others, wonder how we can sell a complete 4-room outfit of such splendid quality

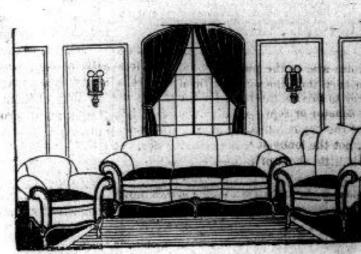

at such a low price. Here are the reasons: At Garber Brothers you will find no expensive store front. In fact, the factory atmosphere of our display room reflects the low cost of conducting our business.

You know, of course, that factory locations are much less expensive than stores on the main streets and that factory overhead expenses are proportionately small. There is every reason why you should come 800 feet from Main Street in order to buy quality furniture at wholesale prices. Being located in a factory building does not detract from the quality of our merchandise but IT DOES SUBTRACT FROM THE PRICE YOU PAY.

length vanity or a large chiff-wardrobe with hanging space on one side and sliding trays on the other; high block National bed spring (20 year guarantee) and layer

LIVING ROOM: Choice of finely upholstered 3-piece Suite, davenport, wing chair and club chair, in selection of tapestry or an assortment of plain figured velour. This living room is of our own manufacture, which contributes considerably to the low price of the entire outfit. This outfit also contains living room or daven port table with genuine mahogany top.

DINING ROOM: 9-piece American Walnut Dining Room Suite, consisting of a 60-inch buffet with 4-leg front, oblong table with extra leaves, semi-enclosed china closet, 5 side chairs and 1 guest chair, upholstered in extra fine tapestry.

KITCHEN: Lift top 40-pound ice capacity refrigerator, white enamel porcelain table, 2 white enamel chairs and a room size Neponset kitchen rug.
