ous complication of aggravations to many men. But the intricacies of estate taxes both Federal and State-which settle on the shoulders of an executor, are only a small part of the burdens he must bear. The administration of even a small estate calls for a great deal of time, work, knowledge and experience

When these duties are left to an individual the time and work involved may be cheerfully given, but too often the knowledge and experience are lacking. Rarely do the unaided abilities of an individual equal the collective knowledge, experience and judgment of a trust company.

The extensive resources, responsibility and perpetual existence of this Company are advantages to an estate that you should carefully consider when selecting your executor-We shall be glad to send you our booklet "Safe-

guarding Your Family's Future." It explains the intricacies of executorship and gives definite reasons why a trust company should act as
