FAMILY REUNIONS. A family reunion at Lille, France, which was attended by 877 persons, was regarded as so extraordinary an event that the news has been cabled to American newspapers. It is stated that if all the relatives had been present they would have numbered 951. But the impressiveness of it is diminished for us when we learn that the number includes all the descendants of a man who was married in 1685. Almost any- UNITED STATES ody could claim a family connection equally large if he numbered among his kinsmen all the descendants of an ancestor

seven or eight generations back. However, this French reunion was notable in that it was (Continued from Page 2) held at the home of a couple with 19 children. France is held at the home of a couple with 19 children. France is purpose, to do honor to the United the constitution and of government to come from the New England much interested in this big family because small families are States at Paris. I find this in Taw," Johnston continued "your delegations. the rule there and apprehension is felt over the declining talk with them. Each man is ready platform may well rest on those hrate and the fact that the population is almost standing to sink his personality in his Am-

still.

Family reunions in the United States with attendance of Soon are by no means uncommon. Moreover, our reunions are with all nations. When we win, we will win fairly; when we lose, we will lose like gentlemen." Chet Bowman won "because his nose was know little or nothing of their family trees beyond their know little or nothing of their family trees beyond their the greatest sprint race in the greatest sprint rac

eat-grandparents.

been the greatest sprint race he exists today."

It may be that a hundred years hence we shall be as had witnessed. And Col. Thompson had witnessed. And Col. Thompson "We Alabamians", Johnston Hickman's orchestra. much excited as the French over a gathering of 300 blood relmuch excited as the French over a gathering of 300 blood relatives. For among the native American stock the birthrate has shown a remarkable decline in recent years. Benjamin Franklin said in the Eighteenth century that the average number of children in an American family was eight. An investigation that has been made of the number of children in the families of college-bred Americans shows an average of less than two children. And more and more our youths are less than two children. And more and more our youths are less than two children. And more and more our youths are soming to college. In England, too, families have become going to college. In England, too, families of the small, the average number of children in the families of the small, the average number of children in the families of the small. The proceeded to prove them otherwise and landmarks of our party min his record the mount has reflected more clearly in his record the mount has reflected more clearly in his record the mount has reflected more clearly in his record the mount has reflected more clearly in his record the mount has reflected more clearly in his record the mount has reflected more clearly in his record the mount has redected more clearly in his record the mount has redected more clearly in his record the mount has redected more clearly in his record the mount has redected more clearly in his record the mount has redected more clearly in his record the mount has redected more clearly in his record the mount has redected more clearly in his record the mount has redected more clearly in his record the mount has redected more clearly in his record the mount has an landmarks of our party with absolute candor.
