Local Corps Well Pleas'd
With Results of Drive—
Fund Goes to Rockville
Tombston.

The Salvation Army silver band of South Manchester will take part in the "Tag Day" exercises at Rockville Saturday and will entertain the good people of our neighborhood with a delightful musical program. The annual campaign for funds for the Salvation Army is in full swing in Rockville this entire week. An energetic effort is being made in Rockville to collect funds for the general purposes of the Salvation Army. The good work which the Army carries on in all parts of the world is universally recognized. Men in all walks of life are lending their aid and encouragement to this great movement.

A special drive was made in this town last week for the same purpose. Last Saturday was observed as "Tag Day." The efforts of the workers were abundantly rewarded. The officers and members of the local corps are well pleased with the excellent showing made. They gathered \$157.50.

The following additions to the Salvation Army Home Service fund have been reported to The News: Mr. and Mrs. Lucius Finney \$10.00 Frederick E. Hughes 1.00 Mrs. Eva Hughes Corry 1.00 The Ladies Aid Society of the Second Congregational Church, Manchester 10.00 W. S. Hyde 2.00 Mrs. J. E. McLaughlin 1.00 Annie A. Manchester. There was no doubt in the minds of the military authorities but that Manchester would support a military company and that such a company could be kept up to its full strength if the facilities for housing and other necessities were in Manchester. Unfortunately such facilities were not available and for that reason Manchester had to be satisfied with a platoon of 51 men in Company G 169th Infantry C. N. G. With the headquarters of the company and two officers the captain and second lieutenant located in Williamsville, a smaller place than Manchester but larger in the eyes of the military officials because a state armory was located there.

The Manchester platoon of Company G 169th Infantry has shown the regular and the state military authorities that their judgment in placing some military outfit at least in this place has been justified. At a recent inspection of the company Lieutenant John P. Ives, who is in charge of the platoon was complimented on the appearance and the morale of the outfit. Major Frank C. Mahit, the regular army inspector-instructor who was present at the drill this week told Lieutenant Pineda that this outfit stood out alone in the records of the state military au-

thorities as one of the best. He was to be complimented more on the fact that he was running it alone whereas a number of outfits that stood below Manchester in the records were whole company outfits not platoons but outfits where there are three officers and take charge.

Although it has not been officially announced yet it is understood that soon after this summer's camp closes Manchester will be allotted a full company and that the letter of the company will be "G". The platoon in Williamsville is to be increased into a company and the letter will be "G" which means as much to that city as "G" means to Manchester because of the history of L. Company in military annals of Williamsville. If these plans materialize they indicate that the state authorities mean business and that they will stand behind Manchester and see that an armory is allotted to the town at the next session of the legislature.

PARK
Will Rogers, one of the most prominent actors of the silver screen, has the role of Professor Ezra Bots, the leading part in the new Paramount picture "One Glorious Day" which will be shown at the Park Theater Saturday.
The story, which is by Walter Woods and A. B. Barringer, is one of the most unique ever written while the role of Professor Bots is one of the greatest novelties ever screened. Lila Lee plays opposite Mr. Rogers in the leading feminine role of Molly McIntyre. John Fox plays the mysterious character "E.K.", which, it is said, will be the nature of a complete surprise for screen patrons. "One Glorious Day" is genuine comedy. Alvin Hale plays the villain lover of the girl and other characters of importance are portrayed by Emily Fitz, George Nichols and Clarence Bower.

Have you seen the new sealings—was decorated with flowers and candlesticks, salts, peppers, etc. They are wonderfully effective when completed and surprisingly easy of execution.
Cream colored moire makes a stately evening gown, unexpectedly made human and friendly by the July, phlox for August, asters for September and chrysanthemums for October.
Why cook during the hot summer months when you can find everything you wish in the bakery line at The Warlock Bakery. For example there are baked beans and brown bread, pastry, cakes and all kinds of bread—all ready to take home and serve, saving you the fatigue and worry of baking in a hot kitchen all day. Sundays there is a special chicken dinner served at this restaurant for only 75c. Business men's lunch served every day for 50c. Just now they are specializing in strawberry shortcake.

NO TIME FOR FESSIMISM. This is the time for pessimism regarding commercial affairs in Manchester, neither is it any time for that species of complacent optimism which says that things will be pretty bad but they will probably be worse before they are better.

It is not in our mind that the great places in Connecticut felt the effects of the depression long before it reached us.

We were classed among the most progressive of the states when we were pointed to as being among the most fortunate, and people all over the state looked to us for a lead.

High wages were generally maintained here and steady work was our portion. For these favors we have much reason to rejoice.

Working people were never so generally rewarded for their labors. Even though a temporary setback immediately confronts us, let us be of good cheer.

With stout hearts then and strong wills let us make the most of the opportunities that are placed before us.

Let us go joyfully forward to the tasks at hand, and let us do this with a determination to overcome all difficulties and so shape our ends that we may pass safely out of the present shadow.

Let us enter into the joy of the bright sunshine of renewed activity and returning prosperity.

AS OTHERS SEE US. The following letter has been received by the Editor of the News from Herbert McCormick, formerly of this place, who is now a special agent of the Travelers Insurance Company in Minneapolis.

"I've been eating up the dope in your paper since being in Minneapolis and I want to express my opinion regarding your sheet. It is a gem, full of local stuff and every item is interesting—no bunk that is what Manchester has been looking for and that you are making a success of this venture. Keep it up and stick to the local stuff. When I hear from the folks they write only of their health and 'Red' News."

"Success to you and if you get a chance write me a line."

SWIMMING MEET. The Recreation Center swimming pool and adjoining rooms were filled to overflowing last Friday afternoon when the annual exhibition by pupils of the Ninth District and High Schools and also members of the Recreation Center gave exhibition in the natural art.

In opening the exhibition, Director Clarke of the Recreation Center explained to the parents of the pupils and those present, just what was being aimed at in the teaching of swimming. He stated that the art of swimming was one that every child should have some knowledge of, not only for safety's sake in time of danger from drowning, but also for its health giving aspects.

Herbert and Samuel Smith gave exhibitions of fancy diving and showed that they were good swimmers. It is the opinion of the younger element of course proved to be the life of the exhibition, many of them doing stunts that brought back memories of the old swimmer's pool to the elders gathered around the room.

Races of the boys swimming the wrong way and by the boys swimming the right way. It was a very interesting and amusing event. It drew a large crowd.

At the coming dance to be given at the Armory by Court Manchester Foresters of America, Albert Keating of South Manchester and Margie Keating of Hartford.

In addition to the \$2,000 insurance which the late Patrick Keating carried in the Ancient Order of United Workmen, he also had an insurance of \$1,000 in the Workmen's Union.

Looking Backward

Local Items Taken From The News of Twenty-Five Years Ago.

J. W. Hale and C. E. House, are making active preparations to open stores in the new House & Hale block, Main and Oak streets.

As James O'Brien was unloading a horse belonging to John Buck on Russell street last Friday afternoon the animal gave him a kick at the base of the brain from the effects of which he died at midnight that night.

The funeral took place Sunday afternoon from St. James Church, Company C. N. G. and the Veteran Association turned out in a body. Seats were reserved for them in the church during the obsequies.

Professor Wm. M. Keating, the church organist, rendered the funeral service. The choir sang the "Te Deum" and also "Nearer My God to Thee." John Hickey marched with Company C. N. G.

James Sherman, Frank Scholberg, David Husband, John Lahey and Thomas Connelly, He is survived by one sister, Miss Julia O'Brien, and seven enter into the joy of the bright sunshine of renewed activity and returning prosperity.

SHAD FEED FOR BUSINESS MEN

Real Blow-Out Will Feature May Meeting at Cheney Hall On Monday Evening.

A spelling match is to take place at Cheney Hall this evening. Pupils from all the school districts are to participate. They will also have a reading contest. One pupil from each school will be permitted to take part. All the schools will furnish specimens of penmanship. Suitable prizes are to be awarded. The judging is to be done by the Chamber of Commerce.

Another proof that Spring is really here will be furnished next Monday night at Cheney Hall when the Chamber of Commerce will hold its regular monthly meeting and a shad supper will be served. For years past the first shad of the season is usually prepared by the hunting supper committee of the Chamber for the May meeting and this year is expected to be no exception. After the supper the regular monthly meeting will be held and President Scott H. Simon in his notification to members has urged that a full attendance is desired as the report on the change of by-laws will be acted on by the next meeting. These by-laws have not been passed since the regular meeting in charge of the revision is now ready to submit to the Chamber the alterations thought feasible.

The home or English sparrow is perhaps the most familiar of the seed-eating birds known to the white-collared world.

It is estimated that the sparrow, thought to be a city bird, is found to the extent of five pairs on each farm in the northwestern part of the United States.

More new homes watch us grow. Building Inspector S. Emil Johnson's report to the Board of Selection showed that permits had been issued for 10 dwelling houses amounting to \$38,500. Permits for smaller constructions such as garages, chicken coops, etc., totaled \$37,000 making a grand total of \$75,500 worth of construction work.

This is very cheering news and shows that people here have unending faith in the future of this town. It is a sure sign of success. More power to it!

Permitted dwelling houses were listed as follows: J. C. Carter, \$3,500; E. G. Dolan, \$3,000; Teresa Gambolotti, \$3,000; Minnie and Martha Hewitt, \$4,500; Frank & Bolin, \$4,000; Lorenzo Bentley, \$2,500; Charles-Jacobson, two dwellings, \$12,000; Max Schaller, \$5,000; Alfred Chagnot, \$4,000.

John Cairns

A Chapter for a Story. His life was such as many an author would have hearted thought story around his career. True to his work 30 years in his hour in Scotland a few years later finding him working in the mines of that country and being deprived of the opportunity of an education, which Mr. Cairns stated that had some of America's men still in his country and younger men, he is coming forward, splendidly and with a start in every way, with a good name made and the right to look every man in the face and know that he is a typical "Wesley Barry, the slickest kid in school."

DRAT THAT WISHBONE SAYS DOCTOR GREEN

A truck owned by the Independent Packing Company of Hartford being driven east on Center street became unmanageable on account of a broken "wishbone" and collided with a touring car owned by Dr. W. E. Green, on Wednesday noon. Dr. Green's car which was parked opposite his residence near New Street was injured by the impact to the extent that the front and rear hub caps were torn off and the left fender dented. The truck received a broken front wheel and a tire was torn off. The accident was investigated by Chief Gordon. No arrests were made as no negligence or carelessness seem to be involved, the breaking of the "wishbone" being responsible for the smash. No one was injured as the Green car was empty at the time, the doctor being in his lunch.
