### CLASS PROPHECY

“STARDUST”

April 4, 1963

To many of us who have never watched a première of a movie we imagine it to be a most wonderful event! And it truly is! It is an event to be dreamed about and as to being a main character in it, that would be “out of this world” and heavenly. So let us fly away on the wings of fantasy and imagination and attend the first night showing of “Stardust.”

We have just arrived at La Guardia Air Field from Hollywood, California. What a wonderful trip it has been with Richard Reale as our pilot, and Malcolm McDuff as his co-pilot; and such stewardesses as Sue Steele, Carol McHugh, and Dotty Botteron. Imagine our surprise as we behold such a large group of our Barnard Junior High Classmates!

As it was only one o'clock upon our arrival we decided to stop for something to eat. No place would do but the famous “Lindy's” which was gaily decorated for the Easter season.

The food was superb with many unusual concoctions. We asked for permission to go into the kitchen and interview the chef from whom we *might* wangle a few recipes. And, lo and behold! Here we discovered our classmate Janet Fracchia. She reminded us, during our interesting talk with her, that this occupation had been her ambition for many years.

While eating we had scanned a newspaper to decide on future activities and there we saw — Première of “Stardust,” at Radio City, starring two of our old friends, Kenneth Florence and Judy Girard. Also, in the cast were listed other dancers Pat Eddie and Mariette Gagnon, with Pianists Janet Sala, and Nick Stevens; costumes were designed by Pat Baldwin and Marilyn Jamison. Naturally this took us by surprise and we could think of no where else we would rather go than to view this array of stars.

As we came out of the restaurant we were amazed to discover that a parade had started. It was that “wonderful of all parades” none other than the famous

Fifth Avenue Easter Parade. We were just entranced watching the lovely suits, coats, hats, furs, etc., and as an added attraction there was a central parade in which a number of floats were featured. One of great beauty interested us greatly. After inquiring, we learned that it was designed by David Flavell and Priscilla St. Pierre. Models on the float were Priscilla Scribner and Roberta Bergeron. (All were names familiar to us in the long-remembered Barnard School days.)

Another attractive float was one which carried nurses and doctors. This was honoring a number of professional people who had done much to cure cancer. Among the group were doctors Jim Sosville, Bob Leyden, Dominic Squatrito, Joan Swanson, and Charlotte Keeney. Nurses Alicia Pessini, Janet Forgette, Nancy Saunders, and Joyce Meyers also came in for their share of praise. Were we proud to stand and watch these former classmates of ours who had done so much for the world! We had thought they could do it but now they had proved it.

When the parade was at an end, we decided to go and register at the Waldorf Astoria. We were most agreeably surprised to find that the room clerk was none other than our former classmate Donna McConkey; and as the bell-hop was called, Al Tays put in his appearance. (Al was rather uncertain about his future when we had last seen him.) He showed us to our rooms and we talked a little about our old school days.

Later that evening we received an invitation to dine at a servicemen's banquet. To our great surprise, when we arrived there, we met Paul Dougan, Roger Staiger, Dick Neilsen, and Art Schulz. (They reminded us that that had been their ambition in life.) And were they full of stories about the different branches of service about which they had first-hand knowledge! The time for parting came all too quickly. With many expressions of good luck in the future we bade farewell.

And now! The time has arrived! We are about to leave for Radio City where the great, the gorgeous, the wonderful première is to be held. Upon arrival we again see a familiar face and are greeted by Ann Muske, famous newspaper columnist. It is her business to interview many guests. Of course, she couldn't spend as much time with us as we desired for there were others more important in attendance. Let's go over and see some other acquaintances. Bob Edwards and Conrad Shannon, who are test pilots are here for the premiere. And here to our right, comic sketcher, Gordon MacFarlane and cartoonist Dennis Santora. What a joy it is to meet all our Barnard friends! And how wonderfully well we have all turned out, we keep thinking!

We are now entering the theater. Of course, the movie is too spectacular to describe so we will have to leave that part to your imagination or better still until you have seen the picture.

A round of applause goes up as the stars come up on the stage in person. The introductions are about to begin. First to be presented is Judy Girard, the leading lady, who plays the part of a rich college junior. Next, is Kenneth Florence, the leading man, who portrays a college senior. You couldn't imagine how proud we were to see them appear. True, they looked older, but we still never could have mistaken their identity.

All the stars are coming to the Stork Club with us to dine. Now we will really have a chance to speak with them. Wait — here come Kenneth and Judy now. Let's go see them. After chatting with them, we find this is the first leading role for both of them. It seemed as though it was only yesterday since we last saw them. Well, it's over and we're all leaving. How sad everyone feels to leave old friends.

Morning dawned bright and fair and with it came our time for departure. As we soared above the clouds on our way back to Hollywood we were still living in a dream world . . . remembering our care-free happy days at B. J. H. S. and all our former classmates and feeling a glow of satisfaction that so many had done so well.

To the future classes of Barnard Junior High School, we leave our very best wishes.

In witness thereof, we have hereto set our hand and seal at Barnard Junior High School, in the town of Manchester, State of Connecticut, on this sixteenth day of June, in the year of our Lord one thousand, nine hundred and fifty three. We legally affix our signature to this lawful document and place thereon our mark "X".

## Graduation Poem . . .

### GRADUATION DAY

As I glanced around at my many friends,  
And thought of the years gone by;  
My mind, lingering on this special day,  
Made tears come to my eye.

The smiles on faces so well known,  
The laughter hiding tears,  
The quick pulsation of every heart,  
The prayers to conquer fears.

And now our march begins to sound,  
The rhythm is clear and strong;  
My classmates start down the middle aisle,  
So short — to us so long.

My pride soars high as close friends speak  
On history, democracy, and learning,  
And all the while as thoughts grow calm,  
Our hearts are filled with yearning.

The chord is struck — we stand erect,  
Our pulses skip a beat;  
Our minds go racing forward  
With the rhythm of our feet.

Up to the stage with steady gait  
We march in single file,  
A smile, congratulations — then —  
Back down the middle aisle.

It's over and our tears flow free,  
Filled with memories gone by,  
On graduation day — our toast  
To Barnard Junior High!

### CLASS HISTORY

Seventh grade, we're here at last,  
Now that our summer vacation is past.  
With sparkling eyes and clothes so new,  
We've settled down for work and much fun, too,  
All the assemblies were simply grand,  
Along came the March of Dimes, to which we gave a hand.  
Mr. Bhambol's "India" was simply thrilling.  
While to see Mr. Nelson's movie we were more than willing.  
Then came Sport's Night with colorful square-dances,  
Tumbling and basketball brought many proud glances.  
The seventh and eight grade plays were so funny,  
Then Nathan Hale's minstrel was surely a honey.

Now came the Art Contest with prizes galore,  
 Followed by Parent's Night — then all worked more.  
 Next the Outdoor Festival — a grand place to sing.  
 And then the closing of school, the years end did bring.  
 We were not graduating, which made us very blue,  
 But wait till next year when our turn will come too.  
 Fall started full swing with a big harvest dance  
 To get acquainted with new classmates we now had a chance.  
 Student Council sponsored a clothing drive,  
 That kept us all busy as bees in a hive.  
 Eighth Grade Dramatic Club produced a play,  
 Again Mr. Nelson presented a joyous day.

A music assembly with talent included,  
 Then Open House for our parents from which we were excluded.  
 To an Assembly we were cordially invited  
 Where Art and Science awards were provided.  
 A student teacher, Mr. Bouges, then joined our throng,  
 In all that he did we could find no wrong.  
 Play night again with report cards given out,  
 A third term completed — time to turn round-about.  
 A trip to see our state's legislation,  
 Then, hurrah, for our annual Spring Vacation.  
 Alas, too soon Graduation holds full sway.  
 Marking the end of Barnard School days.  
 But we still dwell in thought on pleasures gone by,  
 As we fondly remember Barnard Junior High.

## GATEWAY SPORT'S REVIEW

As we take a backward look over our sport's program at Barnard during the past two years, we can be proud of our different team participants.

Our outstanding Soccer stars were Jim Lindsey, Herman Gunther, and "Norm" Hohenthal.

Although Basketball activity has not been quite as busy as in years gone by, we can safely say that we had a fine turn out, led by such stars as "Norm" Hohenthal, Charlie Boggini, Dana Austin, Herm Gunther, and Eddie Wright.

And last but certainly not least is our national sport's pastime, baseball. Holding down different key positions were "Norm" Hohenthal, Bob Abrams, Charlie Boggini, Dana Austin and Lynden Darling.

As good at sports as they are good sportsmen seems a fitting way to describe these classmates of ours.

Our congratulations and best wishes in the future to all of these fellows!

BOB ABRAMS

## APPRECIATION

We the members of the staff of the Gateway, would like to extend our appreciation to Janet Whitney, Marilyn Laine, Virginia Field, Loretta Carlson, Janet Fracchia, Anne Burr, Gail Bronke, and Andrea Cyr, for their work on our yearbook. Although they are not members of the club, they helped with write-ups. Their helpfulness took many worries from our minds.

The name of our classmate Dennise Johnson, should also be mentioned with high praise. She compiled an alphabetical list of our whole eight grade class and copied all the individual write-ups with their corrections plus added duties on the yearbook staff. A lengthy task, well-done!
