MANCHESTER

VOLUME XLV

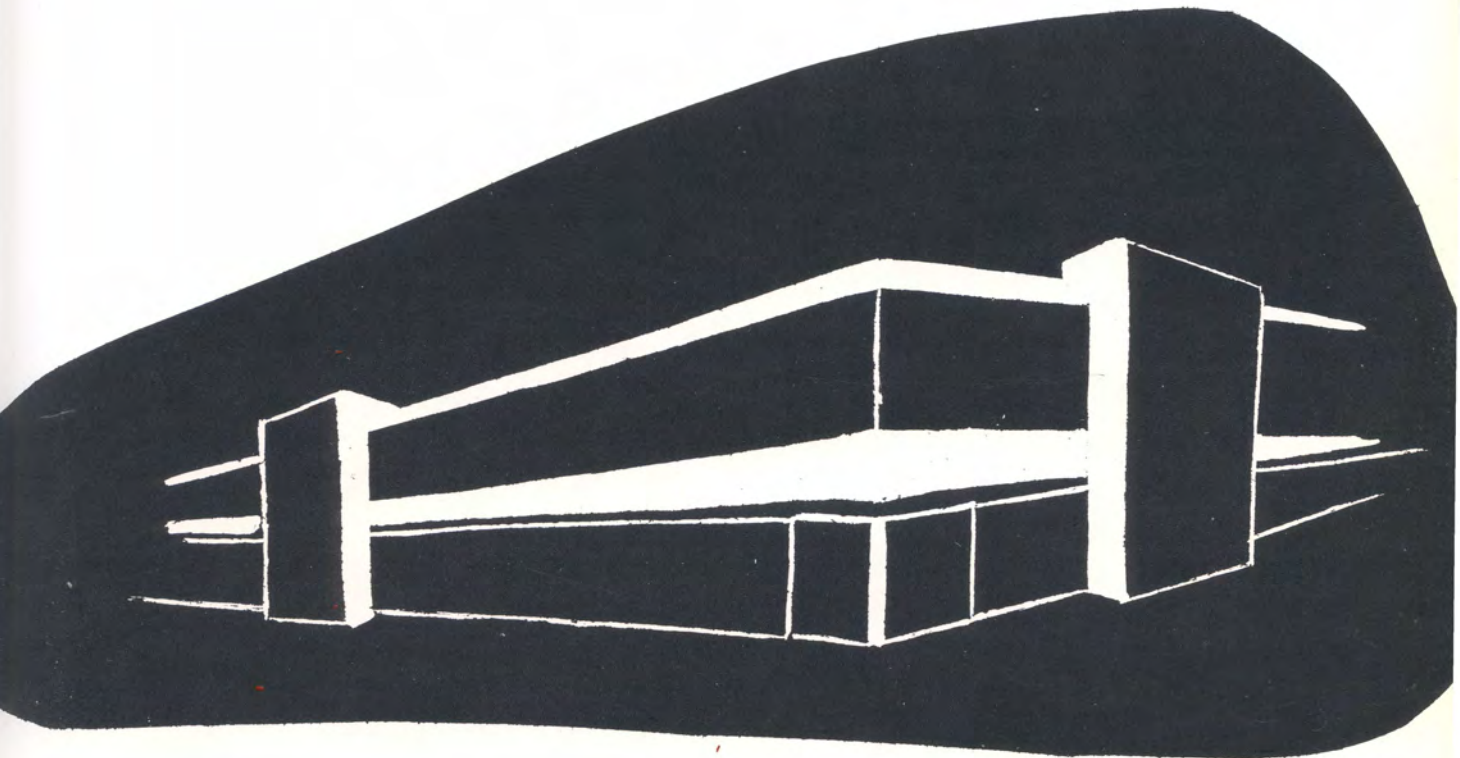

## FOREWORD

You were invited, four years ago, to take a guided tour through our new high school. Our graduation, at the start, seemed far-away, but the anxious freshmen soon became the hearty sophomores, the happy juniors, then the proud seniors — now those four years are past.

Today, four years after the opening of our new plant, you are again invited through our yearbook, to note the achievements of our club and sports activities made possible by these new facilities.

## DEDICATION

The time between freshman and senior years provides many activities in a modern secondary school. In 1960, these experiences have become a reality for this senior class which will be remembered as the first to receive its entire high school education in the new building. This yearbook is dedicated to all those who have contributed to our growth through our academic pursuits, sports, and other extra class activities.

GRADUATION

## OUR FAREWELL

Through these pages you have viewed our high school years. We, the class of 1960, have profited by the varied experiences our new school has provided. As we all look to our respective futures, we are mindful of the invaluable preparation we have received at M.H.S. these past four years. It is with deep sincerity that we now say farewell to our Alma Mater.
