SOMANHIS

BRIAN A. GUINTAL

Brian
 So a real great
 bid up it has been
 great knowing. Never
 as paper class Don't forget the
 times you came up to Burge off and
 we were talking when I was supposed to
 be inside working. Best of luck in all
 your future endeavors. You're 1/2 in your
 class to receive your diploma So the bid voted
 most likely to grow!

[Signature]
 (REV)
 CS + CST = NEA 36

Brian
 Enjoy yourself now
 it's late, slow your drink.
 Don't work too hard and get
 drunk!
 Karl Smith
 '65

Brian:
 It's been great for having
 you in my history class
 that class would have
 been a drag without you.
 Keep up the good work!
 Good luck
 John Sullivan
 '65

SOMANHIS-1964

Brian -
 to the most prompt and
 awake boy in our history
 class! I hope next year
 at college you never get stuck
 with a bore like Mr. P.
 Best of luck
 Hestie

MANCHESTER HIGH SCHOOL
 MANCHESTER, CONNECTICUT
 VOLUME XLVIX

LEARNING . . . the key to the door of success

Nancy Moore and Kathy King learn that accurate measurements are important in chemistry lab.

Margaret Pesce takes advantage of study time.

Learning is at the core of our school. Exceptional students find their learning accomplishments are honored by membership in the National Honor Society. The activities of the society include the annual Campus Cruise, the Alumni Reception, and the Junior-Senior Banquet. The English Department, headed by Miss Helen Estes, offers students courses ranging from grammar to great literature. Topics covered by the Social Studies Department, under the leadership of Mr. Louis Piper, include ancient and modern civilizations, as well as the study of world governments. Through extra-curricular activities such as the Current Affairs, Debating, and International Relations clubs, students participate in field trips, debates, and discussions to gain a better understanding of the world they will enter as young adults. The language clubs in conjunction with the Language Department, headed by Mr. Michael Guadano, enrich the students' understanding of the cultures of France, Spain and Ancient Rome. Mathematics is fast becoming the language of the scientific age, and the M.H.S. Mathematics and Science departments, headed by Mr. Dwight Perry and Mr. Philip Emery, respectively, prepare students for careers in these fast growing fields. Truly, at M.H.S. the golden key to success is extended to those who will accept it.

Marian Verge develops a valuable skill in home economics class.

Doing is learning in action. The vocational teachers, headed by Mr. William Vaders, offer students a wide range of subjects in the field of business and vocational arts. Typing, Business Machines, Drafting, Electric Shop, and many related courses are available to interested students. There are a number of clubs connected with vocational subjects open to high school students. The Rocket Club studies and builds functional rockets of many sizes and types. Students interested in constructing and repairing radios may join the Radio Club. Members of the Audio Visual Aids Club deliver and set up projectors, screens, and other instructional aids at the request of teachers. The Club is under the direction of Mr. Kenneth Skinner. The Photography Club attracts future photographers and interested hobbyists. Students are prepared for future life at home by the Home Economics Department, headed by Mrs. Doris Pyne. Subjects ranging from Foods to Child Development are offered to interested students. The Future Nurses' Club gives students the opportunity to actively prepare for a rewarding career of service. Girls interested in library science make up the Library Pages, headed by Mrs. Marian Monahan. Members of the M.H.S. Publications Staff take orders for and distribute publications by the Somanhis Staff and the Fine Arts Magazine Staff. Through the various clubs and vocational departments, students at M.H.S. put their learning into action.

Harold Case and Richard Carpenter discover what makes a radio "tick" in electronics class.

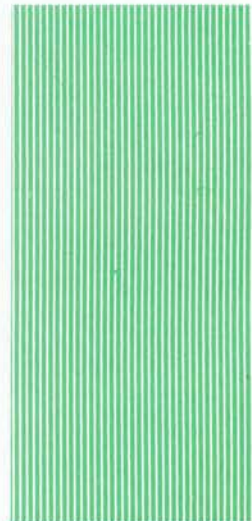

DOING . . . ideas made visible

CREATING . . . *the imagination is unchained*

Allan Hawes and the M.H.S. marching musicians.

Creativity is enjoyment and satisfaction to the thinker. This phase of education is encouraged at M.H.S. The music department headed by Mr. Albert Pearson offers courses ranging from Choir to Music Appreciation. Students who excel vocally may become members of the Round Table Singers who perform for many organizations. Students interested in musical instruments make up the Band, Dance Band, Jazz Club and Orchestra. Creativity is encouraged by the art department under the leadership of Mrs. Elizabeth Budd. Artistically inclined students may study painting, sculpture and crafts. Members of "Sounds of M.H.S.," advised by Mr. David Monahan, produce a bi-weekly radio program heard over WINF. The Fine Arts Magazine, under the guidance of Miss Mary Lou Smith, publishes original material written by students. Mr. Jay Stager heads the Somanhis Staff which compiles the yearbook. The High School World Staff, under the guidance of Mrs. Joyce Don, compiles the school newspaper, which appears in the Manchester Evening Herald. Students interested in the theater make up the Sock 'n Buskin Drama Society, under the direction of Mrs. Carolyn Ehrman and Mr. Donald Thomas. Through these departments and clubs, students are given the freedom to express their individuality and creative talents.

Girls' field hockey team . . . "a swing and a miss."

Through athletic competition, both intramural and interscholastic, students at Manchester High develop physically and emotionally in the ideals of fair play and sportsmanship. The Physical Education Department, headed by Miss Julia Case, is responsible for the athletic growth of the students. Boys who are especially active in athletics are honored by membership in the Varsity "M" Club, under the guidance of Mr. Nicholas Costa. The Leaders' Clubs give students the opportunity to display their leadership qualities in physical education classes. The many competitive sports at M.H.S. include: soccer, football, basketball, wrestling, cross country and track, rifle shooting, baseball, golf, tennis, and swimming. The chess team engages in a less physically strenuous type of competition. Students especially proficient in swimming skills make up the Aquaettes, under the guidance of Miss Mary Faignant. The Club presents an annual water ballet for the enjoyment of M.H.S. students and parents. The Varsity and Junior Varsity Cheerleaders lead M.H.S. students in cheering their competing teams on to victory. Through supervised athletic competition, students aim to achieve the goal of sportsmanship.

Rick Daley grasps the slippery pigskin.

COMPETING . . . the goal is sportsmanship

Holly Hooker and mementoes of her A.F.S. sponsored summer in Turkey.

Co-operation is a golden thread binding us together. The Student Council, a body of students elected by their fellow classmates co-operates with the school staff in sponsoring school-wide events, such as the various sports dances, sneaker hops, and assemblies. The Student Council Presidential Election, held in the spring, offers the students a time to participate in a school wide campaign and election. Among the 1963 candidates Dave Odell was elected president. Students not only co-operate within their community, but many have the chance to co-operate with citizens from other parts of the world. This year at M.H.S. we had four exchange students: Marius Beckers from Belgium, Dianne Brassington from England, Stephen Duschek from Austria, and Anders Lundwall from Sweden. Two of our own M.H.S. students have also had the opportunity to be exchange students. Holly Hooker, sponsored by the American Field Service, visited Turkey for the summer, 1963, and Sally Chapin, sponsored by the International Christian Youth Exchange, spent the entire year in Germany.

CO-OPERATING . . .
a golden thread binding us together

GRADUATING . . .

the final act to a memorable performance

The final act in the high school performance before the curtain of the world is raised and we all become actors.

Graduation signifies the closing door on a memorable high school career and the opening of another door to a world of opportunity. The Seniors of the class of 1964 have worked long and hard for the memorable day of their graduation. They have devoted their time and talents to the improvement of Manchester High School. Upon several have fallen the heavy responsibilities of leadership, and they have responded most cheerfully to the call of service by their fellow classmates. Many of these graduating students have been honored for their service to their school and their community, and still others for their outstanding creative and academic accomplishments. In June of 1964, 750 deserving seniors received their coveted diplomas signifying the closing curtain to the final act of a memorable performance.

Graduation will be a lifelong shadow in each one's memory.

REMEMBERING . . . *looking backward,*

Betsy Hyde knows that a telephone is a girl's best friend.

As we look back on our years at Manchester High, we shall remember many things: the everyday life — slamming lockers, crowded halls, the cafeteria, a sea of faces; the special events — “Oklahoma,” the magnificent performance of the combined efforts of the Music Department and the Sock ‘n Buskin Drama Society; the Prom sponsored by the Senior Girls’ Club in the spring of 1963; the 1963 Junior Prom and Queen Julie, set on that famous avenue, Champs Elysees; the Varsity “M” Alumni Dance, Thanksgiving, 1963; and so many other wonderful events held at M.H.S. As we look back, each of us will remember something different, but we will remember with fondness our years at M.H.S.

Liz Dawkins and Diane Bampton portraying witches in Sock ‘n Buskin’s “Dark of the Moon.”

Students sometimes need a breath of fresh air in the chemistry laboratory.

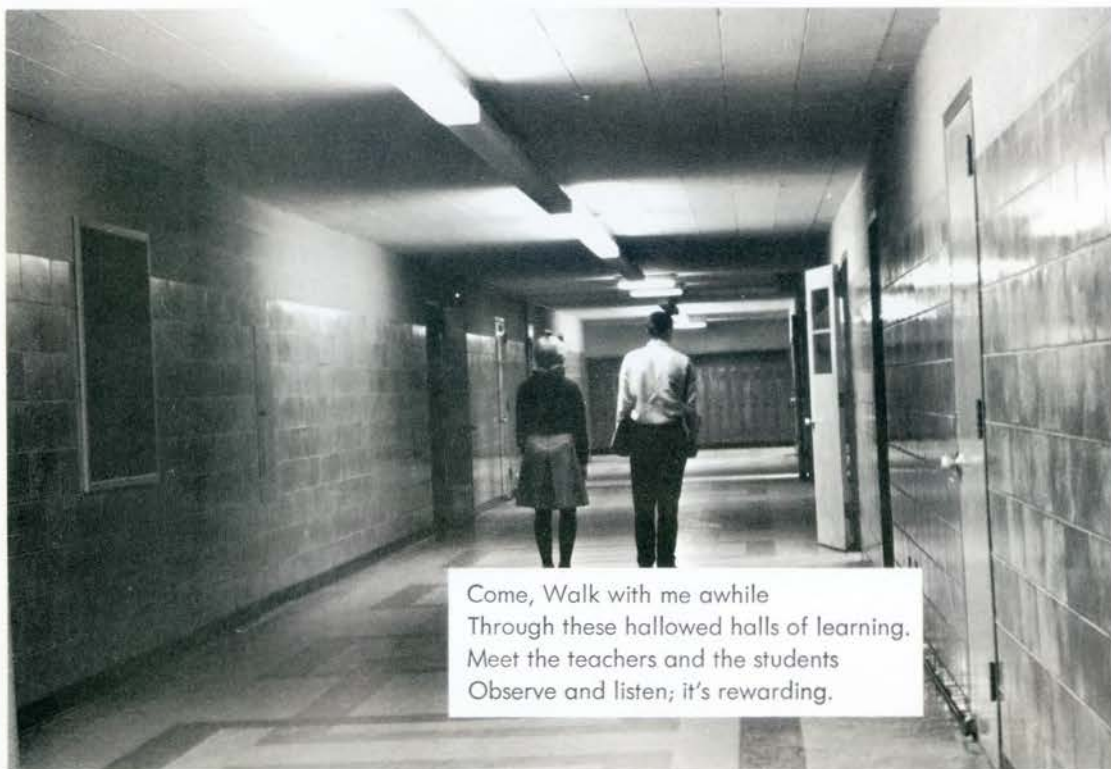

We are proud to be Americans.

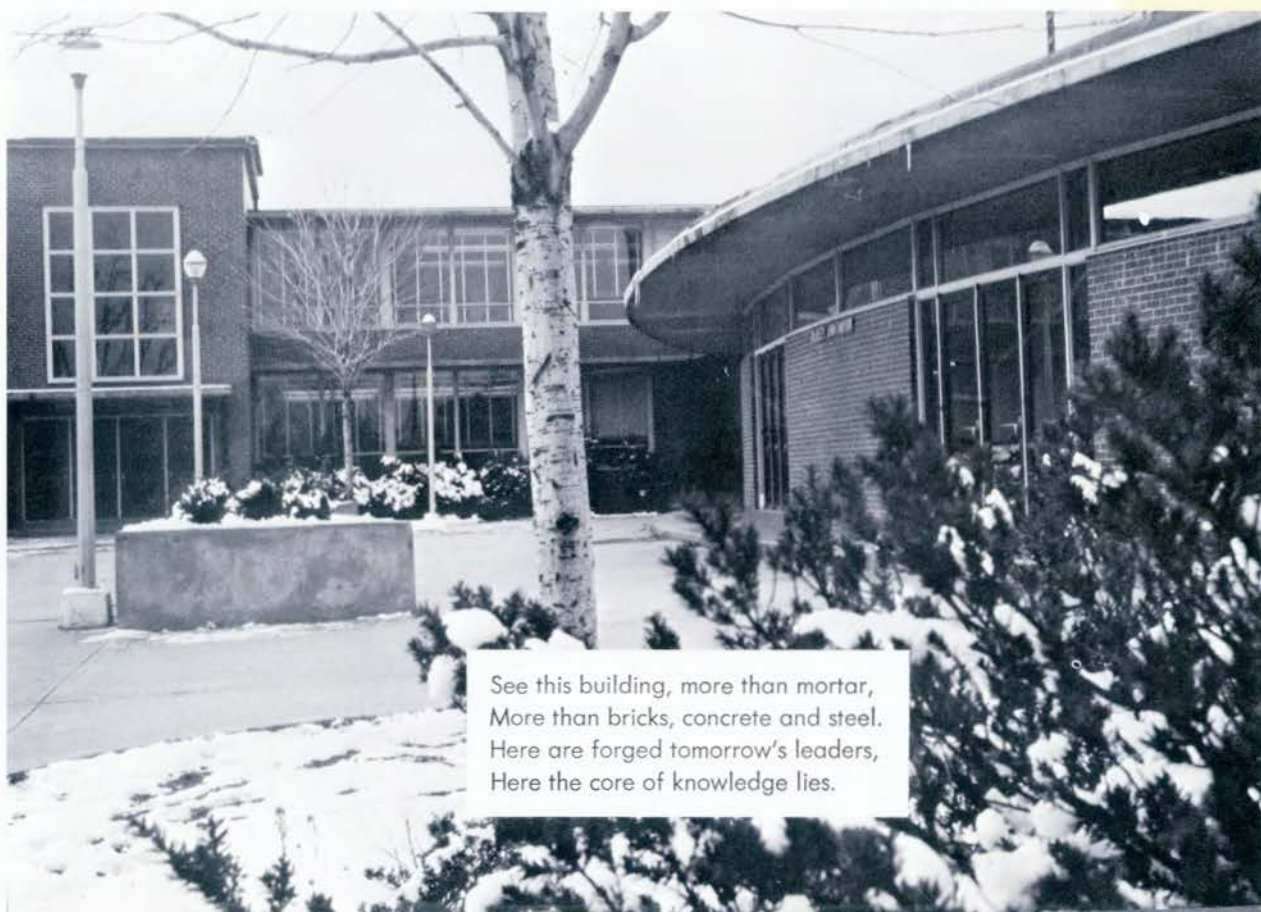

Students take a welcome lunch break 4th period.

COME, WALK WITH ME AWHILE.

Come, Walk with me awhile
Through these hallowed halls of learning.
Meet the teachers and the students
Observe and listen; it's rewarding.

See this building, more than mortar,
More than bricks, concrete and steel.
Here are forged tomorrow's leaders,
Here the core of knowledge lies.

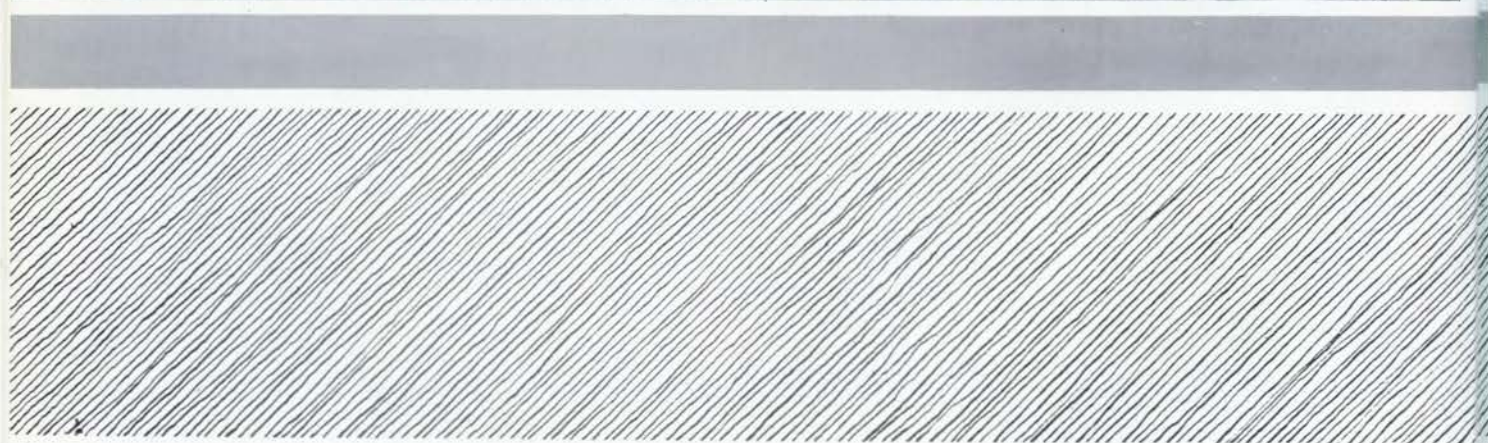

There — the teachers: grave and earnest,
Leading, guiding — reassuring;
They are artists: sculpting, moulding
Statesmen, scholars and physicians.

There — the students: young and healthy;
Eager, hopeful, optimistic;
Effervescent, as they should be
Rushing forth to meet life's challenge!

Now you've met us, seen the future;
At M.H.S. we learn and grow.
We meet life's problems and we solve them
Confident the future's ours!

Dr. Ted Powell speaks at the N.H.S. induction.

Members of N.H.S. repeat the National Honor Society pledge at the induction.

Logical Thinking Through MATH

In 1947 the Somanhis was dedicated to Mr. Dwight Perry, of whom it was said, "his cheerful personality and keen sense of humor has stimulated us to enjoy and appreciate the study of mathematics." In this last year before his retirement, we salute Mr. Perry for his untiring patience, warm and understanding interest in young people, and the encouragement and knowledge he offered to all his students.

Geometry students, Jane Spaeth, Cindy Barnes, and Pat Connelly study some complicated problems.

Through the Medium of MUSIC

The many faces of our music teacher, Mr. Robert Vater.

In 1944, when the Somanhis was dedicated to Mr. G. Albert Pearson, it was said that he "contributed richly to the cultural life of our high school and has been a constant source of inspiration to us." As he retires this year, we would like to reaffirm this sentiment and to thank him for his 32 years of continued service to the youth of Manchester, and for the enrichment he has brought into our lives.

Approaching Perfection Through Practice

Mrs. Don and High School World editor Pat Rackowski coordinate a staff of nearly fifty reporters, typists, and feature writers.

SOMANHIS

In choosing the theme for the 1964 Somanhis we wished to take advantage of the unusual effects that can be produced from various methods of printing. In order to add variety and exemplify the creative talents of M.H.S. students, we chose the theme Textures and Panels. Throughout the book we have sought to present the textures one comes into contact with every day — from the smooth surface of a desk, to the dusty powder of chalk, and the rough permanence of concrete walls. We hope that you will enjoy and "feel" the theme of this year's book.

We would like to thank a few people without whom this book would not have been possible. The Manchester Evening Herald photographers Mr. Pinto, Mr. Ofiara, and Mr. Saternis and Loring Studio have taken many of the pictures that appear in the book. Our advisor, Mr. Jay R. Stager and Rodman Stewart, a student photographer have also provided numerous pictures. We would especially like to thank Mr. William Coe for allowing us to use his colored picture of the school which appears on the end sheets. Special thanks also go to Richard Maloney for his picture of the late President John F. Kennedy.

All art work was done under the direction of Mrs. LaVerne Kelson of the Art department. We would also like to thank the M.H.S. Publications Staff under

Somanhis co-editors, Jane and Nancy

the direction of Mrs. Grace Kunz who solicited ads for this year's book.

We are grateful to the members of the Somanhis Staff, and the Art Staff for all the time and effort they contributed to this year's book.

We present to you now the 1963-64 Somanhis and hope that you enjoy reading it as much as we enjoyed preparing it for you.

Holly Hooker in Turkey

My American Field Service summer trip to Turkey was the most wonderful experience of my life. During my stay I became the third daughter in the home of Tahsin Ozcan, a department store owner in the port city of Mersin on the Mediterranean Sea. The rest of my Turkish family consists of my mother, Anne, my sisters, Neila, 18, and Neyran, 13, and my brother, Necdet, 16. Throughout my summer I was constantly impressed by the natural beauty of every part of Turkey, the extreme patriotism of the Turks, and their boundless hospitality. I can truthfully say that every Turk I met seemed to

want and try to do everything possible to make my stay a more pleasant one. Their efforts were certainly very effective, because I literally "fell in love" with Turkey and am determined to go back there someday.

My summer wouldn't have been possible without the contributions made to the American Field Service by students, teachers, and the people of Manchester.

Please accept my deepest, most grateful thanks. I will never, ever forget it!

Cok, çok tesikir ederini,
Holly Hooker

M.H.S. Students Go Abroad.

Sally Chapin in Germany

Sally Chapin of Manchester High School traveled to Germany in her junior year (1963-1964) under the auspices of the International Christian Youth Exchange. To prepare for her journey, Sally spent four months learning German at Vidil-Rock School of Languages, and after arriving in Germany, spent another month improving her proficiency in the language.

In mid-August, Sally met her adopted family, the Klaus-Jergen Schultzes, who wisked her off to summer vacation in Trento, Italy.

Once back in Germany, she began school and occasionally saw Harald Muehlberger, foreign exchange student to M.H.S. two years ago. She bicycled up hills, across green countrysides, viewing always the Black Forest, the region in which she was staying. She saw the Gothic cathedral of Cologne, visited composers' homes, and at Christmas attended a candle-light service.

In January she made her home with Dr. and Mrs. Georg Kronberger of Kassel, a town only 10 to 15 miles from East Germany.

A fortunate girl, Sally has probably spent her most formative year in Germany as a representative of the U.S.A.

Sally says to all of you at M.H.S. . . .

"Gruss Gott"

(God's Greeting)

EXCHANGE STUDENT COMMITTEE

Thank you M.H.S. for the nice time I have spent in your buildings. It was a beautiful experience for me to be one of your students for one year. I enjoyed making the acquaintance of so many of your students and I congratulate you on your administration which makes you what you are: a school where every student has reason to be proud of being a member.

It is a great distance from my house in Scheibengasse 8, Vienna XIX, Austria, to Manchester which has become like another home to me and which I shall be sad to leave.

Stefan Duschek

Ambassadors

I've enjoyed my stay here very much. The things that I will remember most about this country are all the friends I have made here. I hope that one day in the near future I can come back to visit everyone.

Other cherished memories will be my stay in New York, where I was amazed by the array of lights on Broadway. Also, the great fun I had camping with the Girl Scouts in Acadia, Maine.

It was a wonderful experience for me and I think that we should encourage more people to join the exchange student program. I hope that my friends in America will not forget me and I would like to hear from them. My address is: Dianne Brassington, "Overlaw," 197 Lightwood Rd., Buxton, Derbyshire, England.

Dianne Brassington

This past year at M.H.S. was a very interesting one for me. I enjoyed the many different courses of study and the many athletic programs. I will regret when I have to return home and leave the many friends I have made during the school year. This trip was a very interesting experience for me and one that I will never forget.

I would be very glad to hear from you and I would write back promptly. My address: 2 Rue de la Gare, Eupen, Belgium.

Marius Beckers

As I was looking the 1963 Somanhis, I realized how many faces I recognized as classmates and other friends. This points out how easy it is to make real friends in the United States. I had only heard it before, but now I know it's true. You can't imagine how much this year has meant to me.

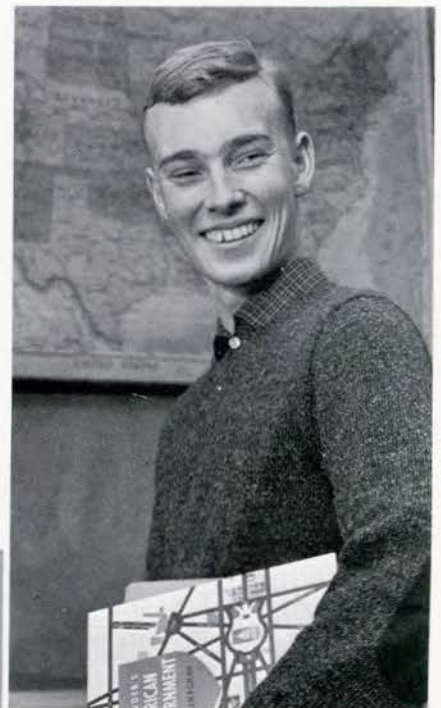

It will be difficult to leave all of my new friends here in the United States, but one thing I won't miss is your short lunch period. In my happy memory I have all the sports events to look back on, especially the fine spirit of the soccer team.

I would like to keep up the contact with you in the years to come and my Swedish address is:

Anders Lundwall, Sandbergsgatan 2, Norrkoping, Sweden.

Phone: 011-28567. Please don't call collect.

Anders Lundwall

INTERNATIONAL RELATIONS CLUB

To Promote Understanding in Our World.

Exchange students; taped letters to Sally Chapin; International Food Festival.

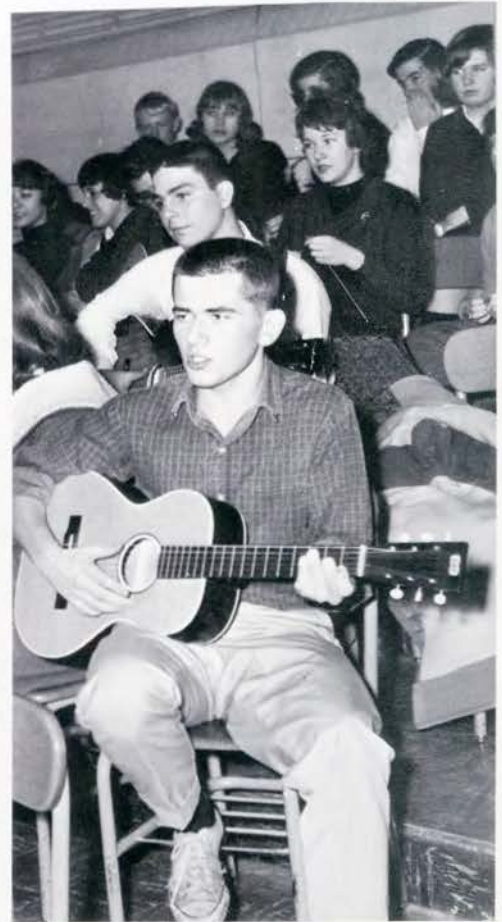

To Seek Reality Through Folk Songs.

FOLK MUSIC CLUB

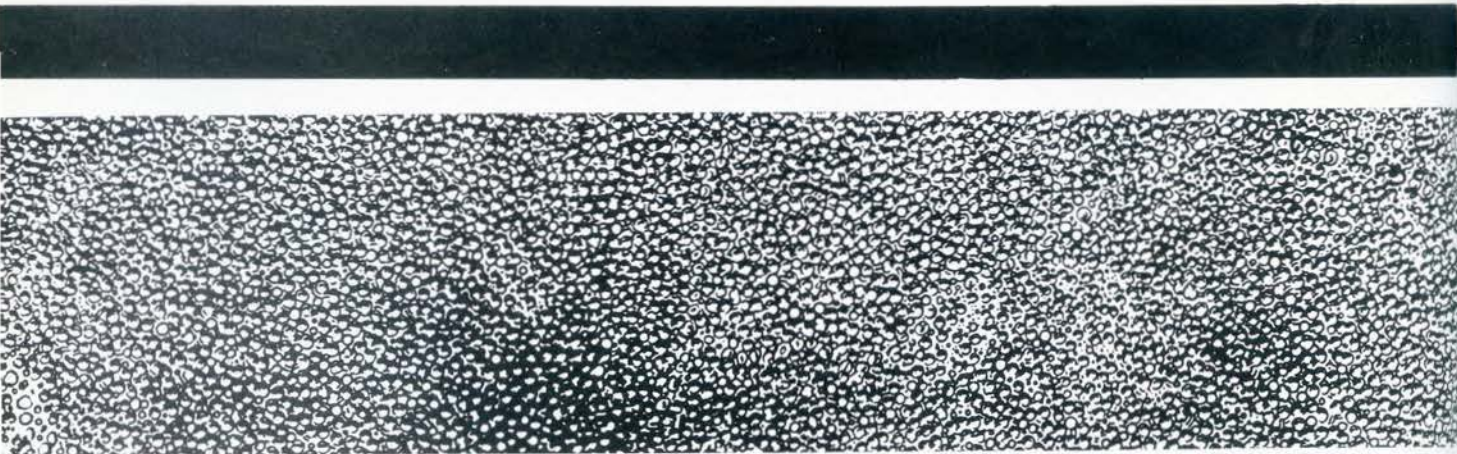

The folk music club is one of M.H.S.'s newest organizations. It was formed because of student interest in folk music. It is an informal organization which meets twice a month in the Choral room. The club is advised and entertained by Mr. David Monahan and Mr. Lawrence Perry who are ethnic folk enthusiasts. A typical meeting consists of individual performances accompanied by guitars and banjos and group singing where everyone takes part.

When Students Get Together at

GRADUATING

SENIOR CLASS OFFICERS

Robert Alibrio, President; Holly Hooker, Co-Treasurer; Steve Brady, Vice-President; Ann Vior, Co-Treasurer; Ronald G. Lewis, Secretary.

B, we've matched each other in physics this year. Thank God to over. Best wishes Bob Alibrio

CLASS MOTTO

Fax ad saeculum novum tradita est.
The torch has been passed to a new generation.

CLASS POEM

Our years in high school seemed to stretch so long.
We found our place, and settled down to learn,
And growth in wisdom made our ideals strong.
We are now forced to take our separate ways.
The graduation flag has been unfurled.
The torch of hope and knowledge now is ours.
The task: to take it to the world!

by Marian Edwards

1964 Class Song by Steve Johns

4/4

The Class of six-ty four has come and soon it will be gone. Al-
though we will be leav-ing now our spir-it will live on. As
we de-part our separ-ate ways in search of suc-cess. We'll
ne'er forget the me-mo-ries of dear old M. H. S.

IN MEMORIAM

HOPE FERN ROTHWELL

July 2, 1946 to Sept 18, 1963

REMEMBERING

Queen Julie and her court: Linda Garrison, Judy Frithsen, Julie Hobin, Georgette Ponton, and Betsy Hyde.

1963 Junior Prom

New view through the Eiffel Tower.

A moment of socializing on the Champs Elysees.

Knights and fair damsels at 1963's Spring Frolic, "Camelot."

A knight and fair damsel pause.

1963 Spring Frolic

Queen Sue and her court, JoAnn Kemp, Nancy Begg, Ann Pendergast, and Connie Nadeau.

"Many a new day . . ."

"People will say we're in love."

"Oh, what a beautiful morning . . ."

THE STORY OF "OKLAHOMA!"

Since its opening at the St. James Theatre, New York City, on April 1, 1943, "Oklahoma!" has been seen and heard by more people than any other musical in theatrical history. It has toured the world and its audiences have exceeded millions.

"Oklahoma!", the first joint effort of Richard Rodgers and the late Oscar Hammerstein II, will always remain the show closest to people's hearts. This fresh, enchanting play has ceased to be just a wonderful musical; it is an expression in American musical history.

"Kansas City"

OKLAHOMA!

"The Farmer and the Cowman."
