impressions remain of the havoc and confusion, and though all is a haze of people, i am suddenly lost, confused, and unborn.

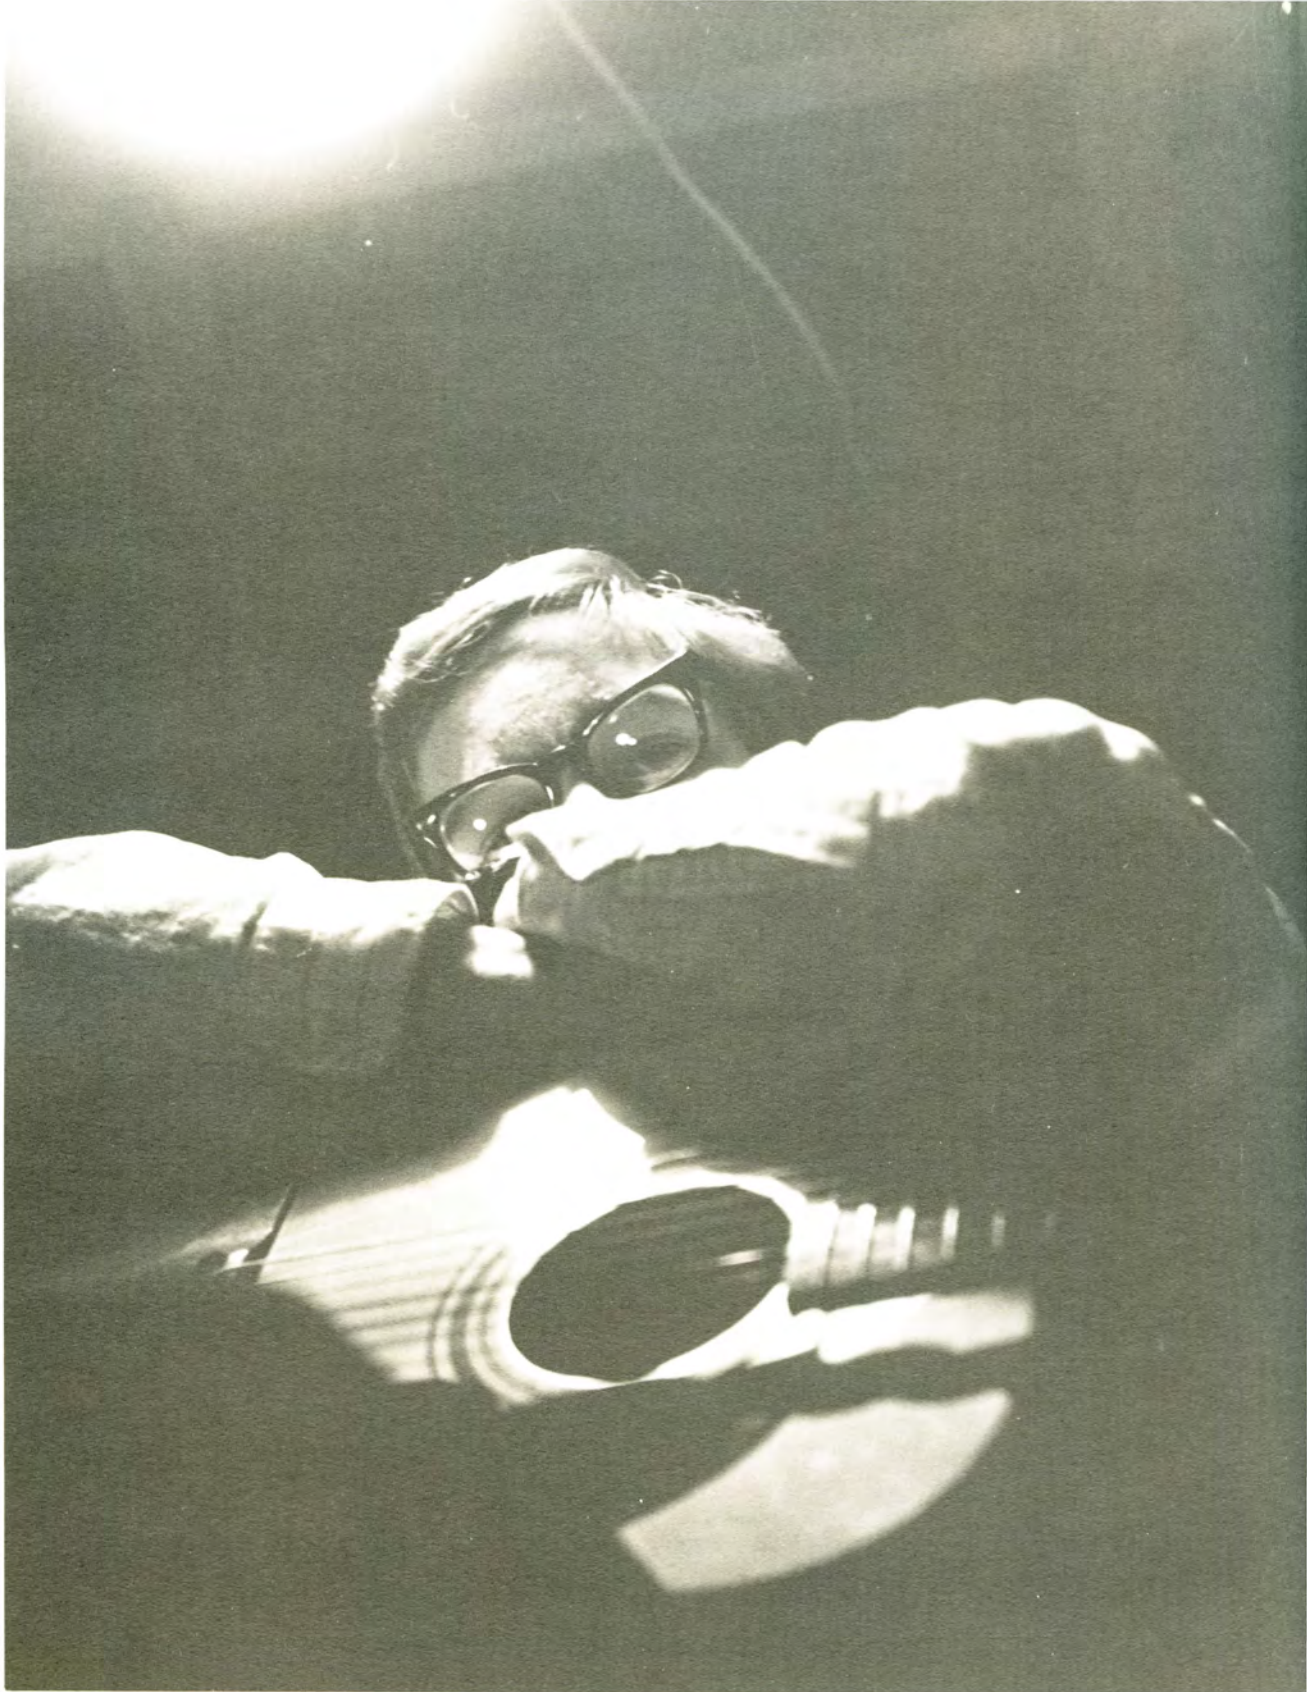

the path i walk is narrow and confined,
yet wide enough for me to see where i
stand.

i tire of this confusion and simultaneously an exuberant reflection of happiness is mirrored upon my face.

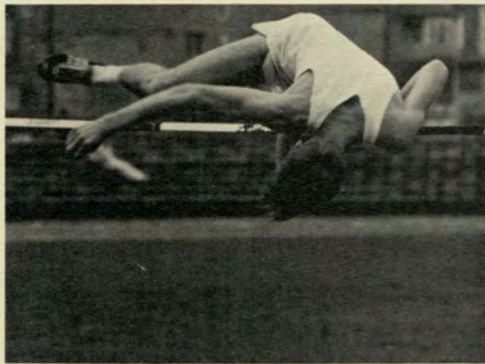

wistful expressions
of nothingness
passively drift
through my mind ...

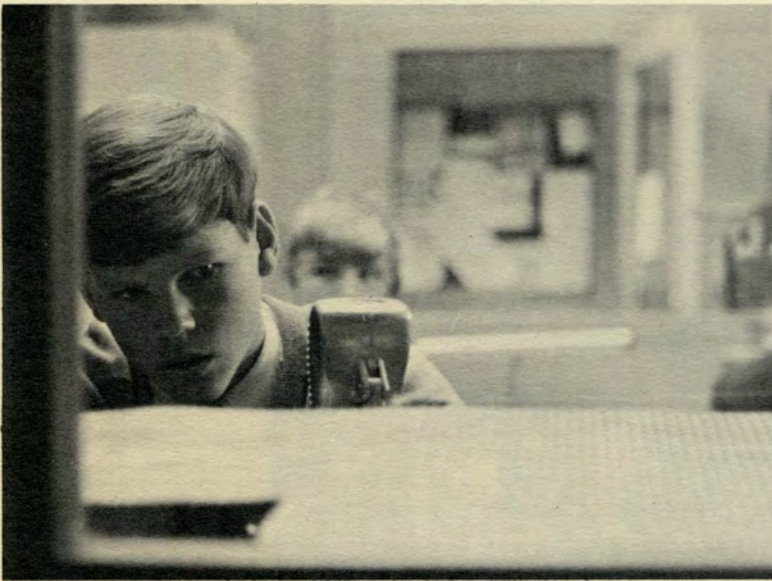

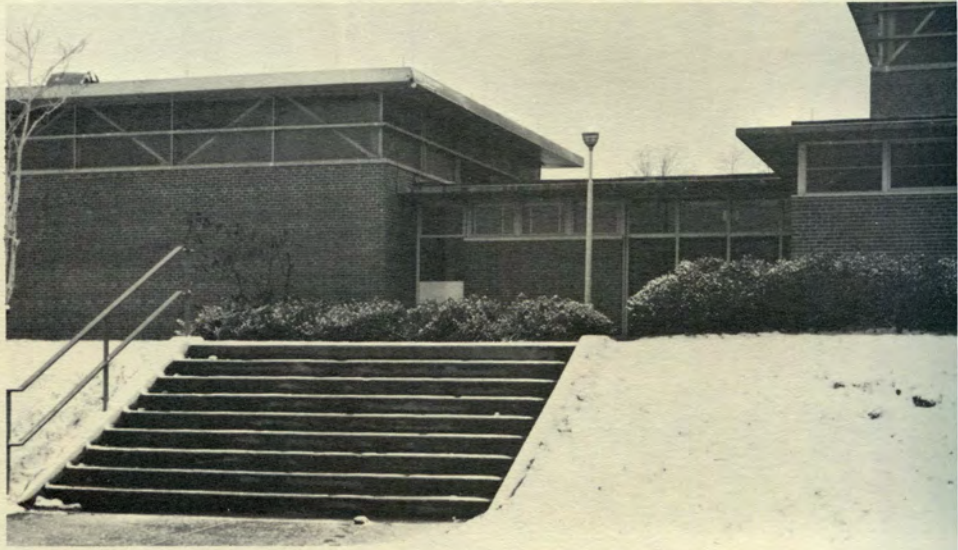

and resounding echoes
of harmony awaken my
incessant thirst
for participation.

all is a collage
of images before my
eyes blurring
tactfully together.

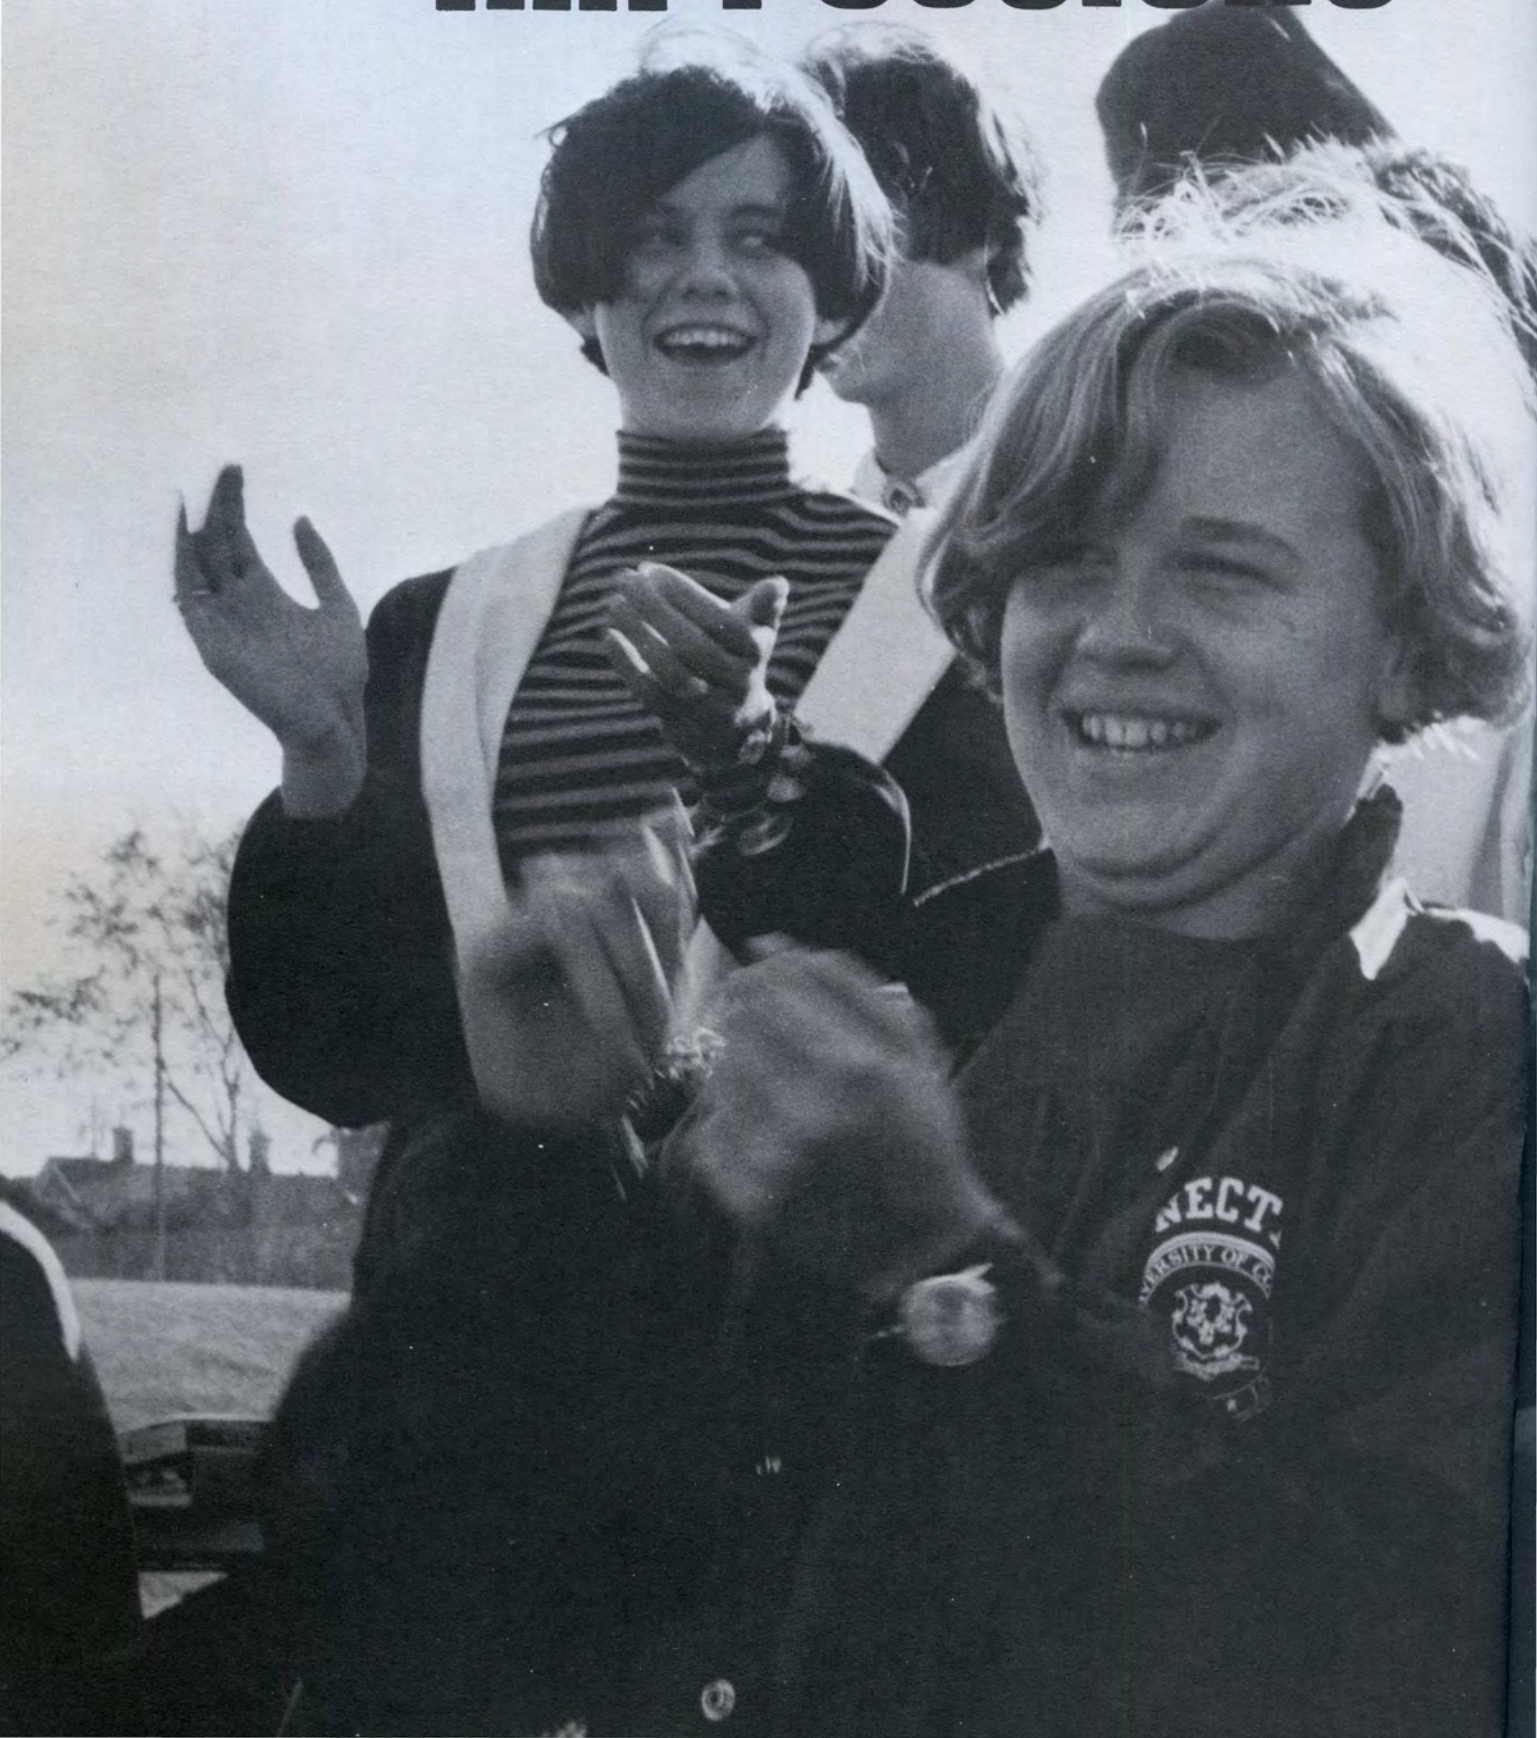

yet a surge of confidence overcomes me as i see an individual; learning, striving, participating, yet remaining one. only impressions

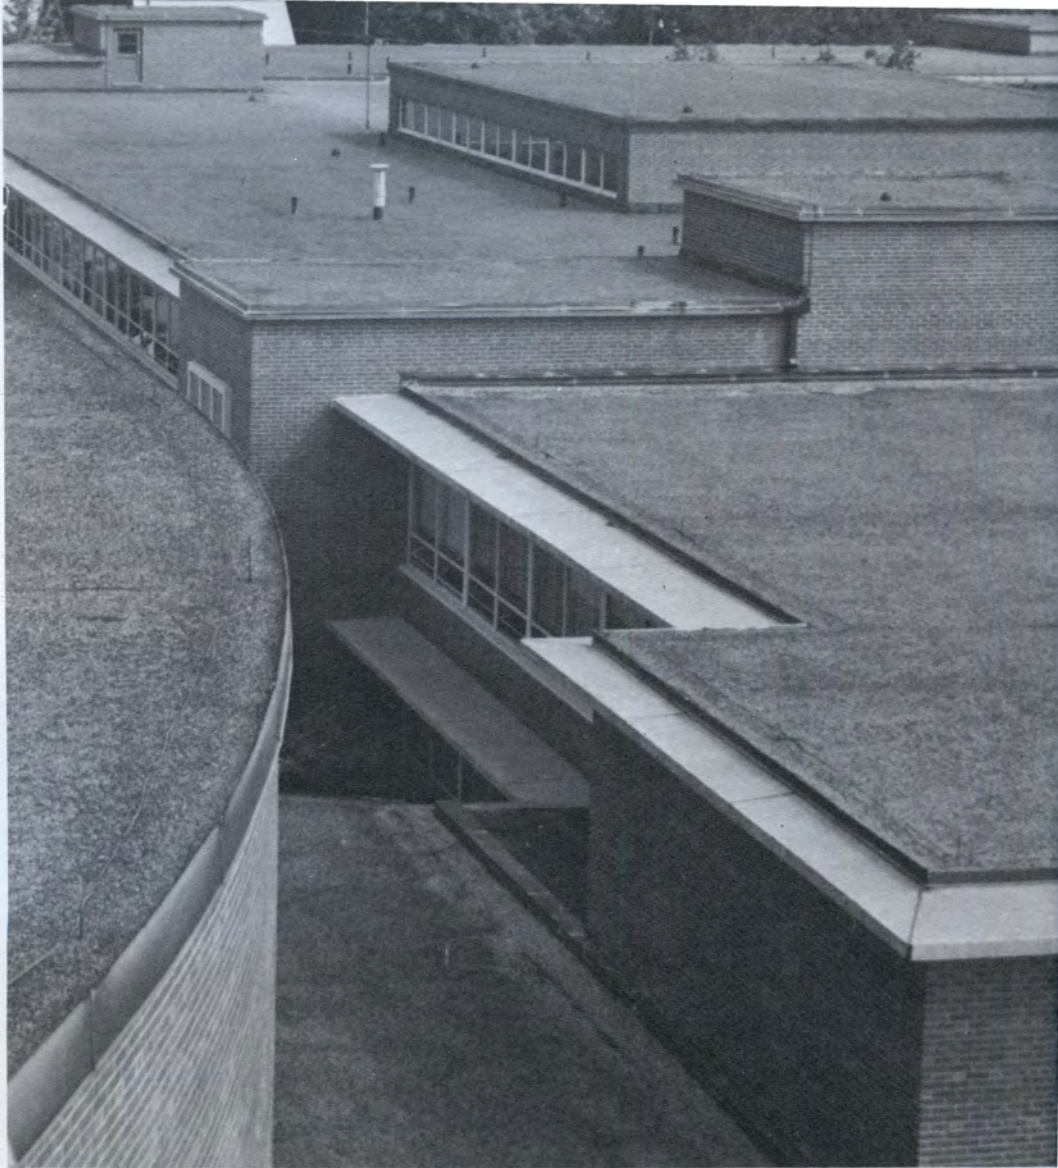

of reflections remain and suddenly i am found and finally born.

"We require from buildings, as from men, two kinds of goodness: first, the doing their practical duty well: then that they be graceful and pleasing in doing it; which last is itself another form of duty."

It is only through a representative body as Student Council that students can openly express themselves. Through Council sponsored events as proms, sports, dances, and assemblies, activities are planned to benefit all students. The President presides over Council and Executive meetings and appoints Committee Chairmen. Presidential platforms were presented by Dave Moyer and Ray Kelly. May 17, 1967 the poles were open for voting.

The greatest experience of my life was coming here to Manchester where I have made many friends who have shown me a great deal of kindness and understanding. I'll always have engraved in my heart all the happy moments and wonderful feelings that I have had in Manchester.

I want to thank my family, MHS and AFS for all of the unforgettable moments that I have had.

If some day you should come to Guatemala it would be a great pleasure for me to welcome you to my home. I hope to have the opportunity to return so I can see all of you again.

It would make me very happy to keep in touch with you through letters, Este ano fue maravilloso! My address is Blvd. 11-16, Zonas, Jardines de la Asuncion, Guatemala, Guatemala C.A.

Sonia Escobar

A.F.S. to me is people; people who are given the opportunity to learn about and teach one another what constitutes the lives of other people. To live for eight weeks with another family anywhere teaches an individual much about himself and others; but to live in a foreign family gives one the opportunity for wider insights. What one person can do seems so small, but with each individual contributing a small part much can be accomplished. I would like to sincerely thank all those who helped make my wonderful experience possible. Alle Menschen der Welt; Kommt zusammen und sprecht miteinander.

Stephen Spaeth

This year was really great for me. I had the time of my life learning what American youth is like. I saw the whole world drawn nearer by the young people of today.

The activities of the school showed me the best of everyone. I will never forget the nice friendship of fellows and teachers throughout the year and all the great spirit that American kids gave to me. I will remember forever the friends I made here, and I hope to keep in touch with all of you through letters. My address is; Padre Galeano 217 (Bajo Palermo) Cordoba, Argentina.

Thanks everybody, A.F.S., Manchester, and the high school that gave me this opportunity. Adios a todos, mis buenos amigos.

the monotony of study and repetition ...
the defeat after a final effort ...
the uneasiness of being within a crowd
often makes me wonder
if i have any importance to others

but to break away
i find contentment, excitement, and happiness
and know that now i have made an impression
