Dear Bennet Ninth Graders:

Most of you I am sure remember vividly your first day at Bennet whether that day was as a new seventh grader three years ago or as a new ninth grader this year. Most of you will also remember our closing assembly and your last day at Bennet this year. It is my hope that there have also been many memorable days for you at Bennet between these two special days.

As we think of your leaving Bennet to go on to other schools to continue your education, we are appreciative of the opportunity we have had to get to know you, to work with you and hopefully to have had some influence on your lives both now and in the future.

I am sure that I am speaking for the faculty when I say that we have admired your spirit, your talents and your contributions to Bennet as the student body leaders this year. We all look forward to great and exciting achievements for you in your future and we will follow your careers with great interest. Again it is our hope that we have in some small way contributed to your growth during your stay at Bennet.

Our best wishes for the future go with you in the years ahead.

Sincerely,

Allan L. Cone
Principal

What is Bennet?

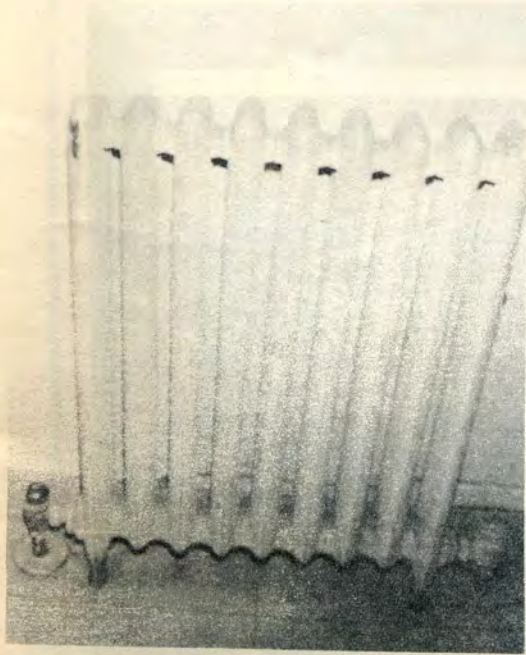

Is it the filing cabinets?

Is it the buildings?

How about the bench?

Could it be the heating system?

What about the books?

NO!
