Memories
Dwell within me,
Turning, Pushing me back
Until I face again
The time I thought
Had gone.

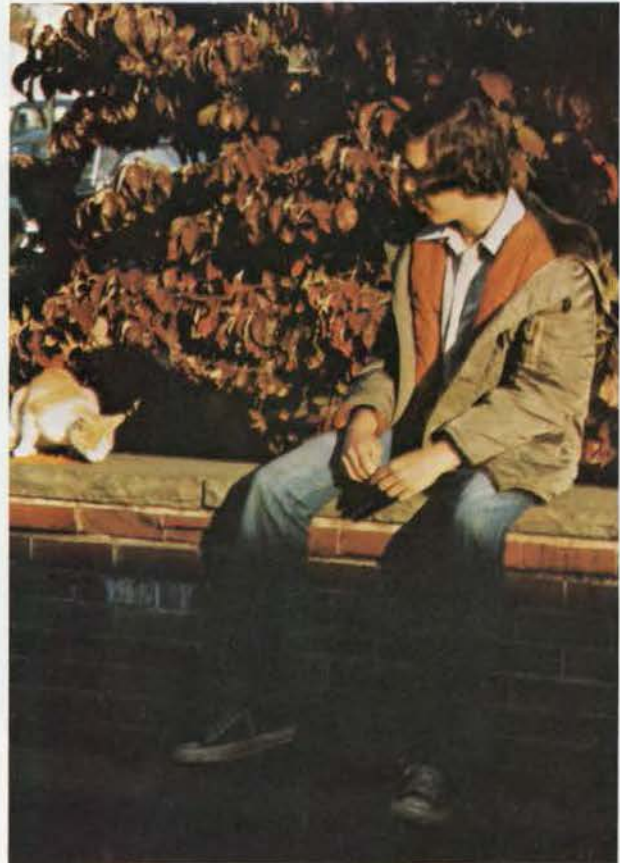

Time is

Too slow for those who wait,
Too swift for those who fear,
Too long for those who grieve,
Too short for those who rejoice;

But for those who love,

Time is not.

Henry van Dyke

Sometimes the past comes back
for a few moments . . .
in a photograph,
on the stage,
or during a dream.

There is no time in the
pathless woods,

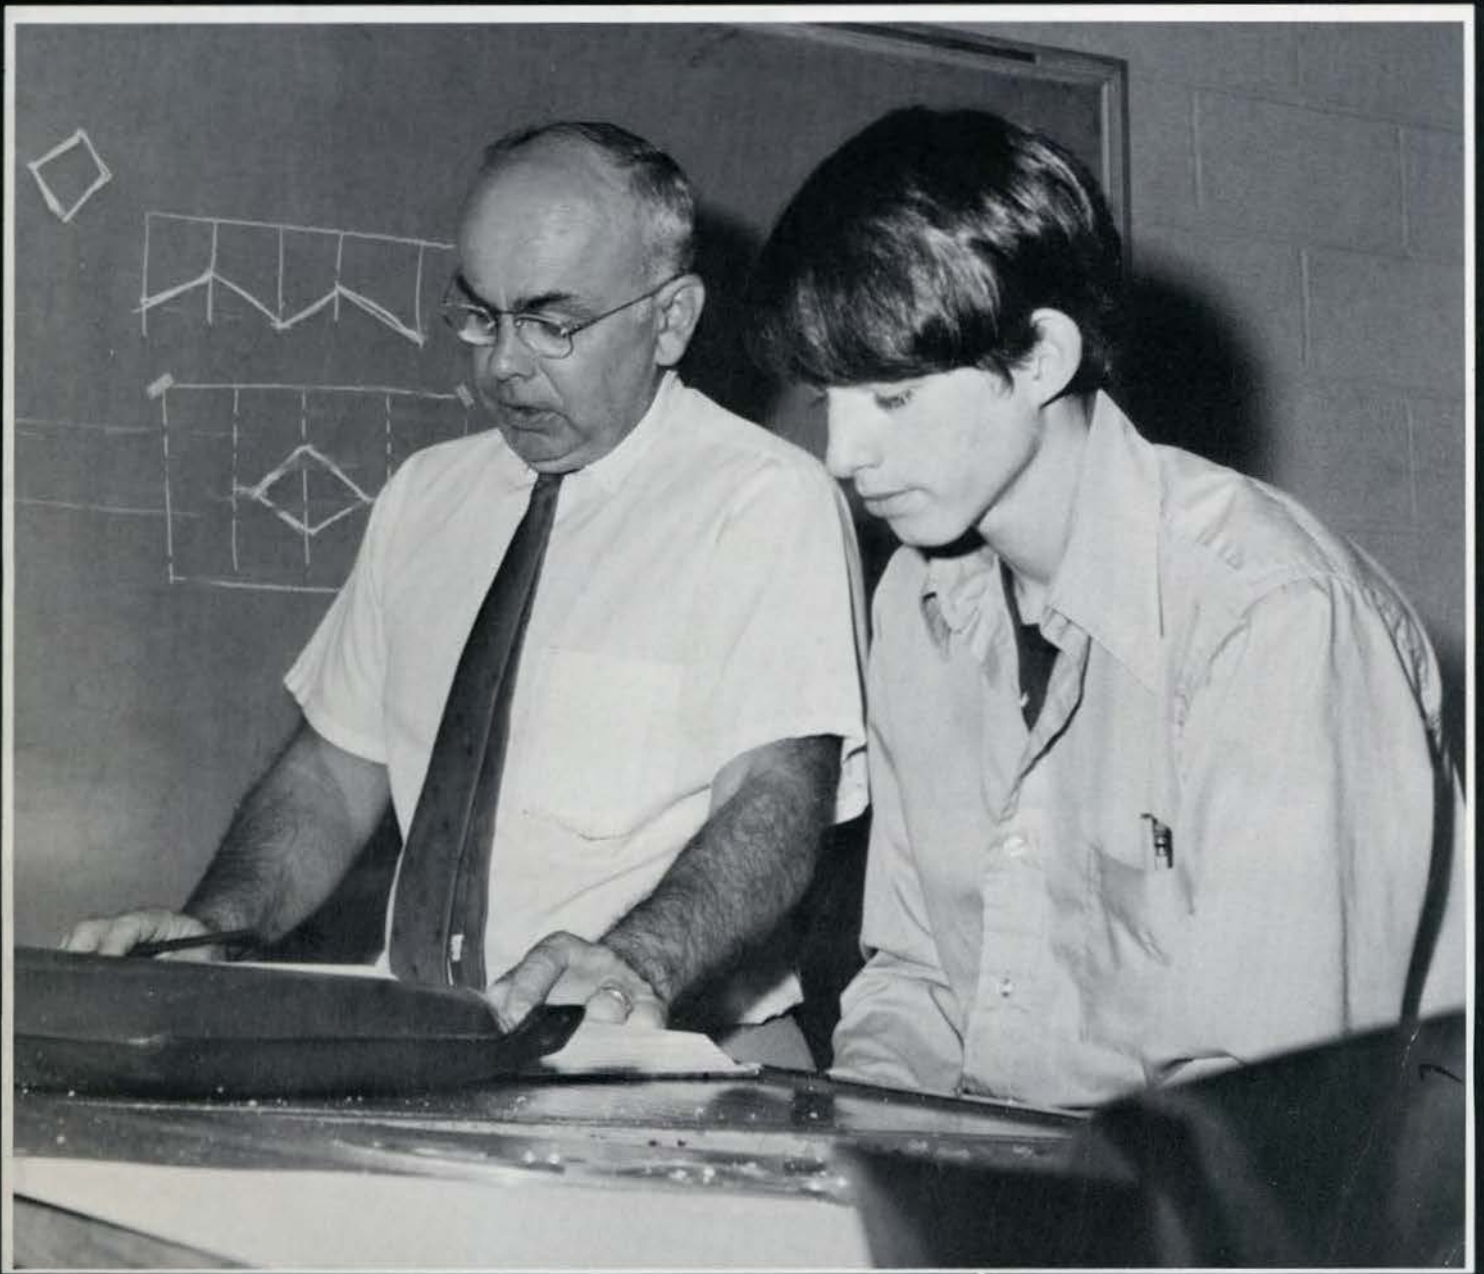

Only the serenity of
being.

I am not afraid
of tomorrow
For I have seen
yesterday
And I love Today

American Field Service Exchange

The happiness and the satisfaction I felt this summer in Holland are not totally unique. The memories of my Dutch family and friends and the times that we will share in the future are special. But the main objective of the AFS program is to show people that everyone, no matter who they are or where they come from, has something special to offer. Touching the mind, emotions and lives of others, should be valued above all else. I wish you this same warmth and happiness in the future.

Nancy Donovan
Summer Exchange Student

Somebody said that "the lessons for the future are written in the past." Well, my hopes and desires for the future are taken from the lessons of this year, the triumphs and the failures, the good and the bad, the happiness and the sadness, the laughs and the tears. I think you already have heard it said many times that an AFS year is an unforgettable experience, and it's true!

There is within me a still growing development of understanding other people, myself, tolerance, peace, and I hope and believe it is not going to stop as quickly as this year is passing by. This year is only the beginning, but a wonderful and tremendous beginning.

I will thank all of you who I got to know at MHS; you have made the time here wonderful for me. Thankful thoughts are also going to the AFS club and chapter, which has made it possible for me to come here, and last, but not least, I will mention the Stager's, my host family, who is understanding and fertile in ideas, and have done unbelievable things for me. Thank you (TAK).

I hope that many students in the future will get the same chance as I got. It is an education of living!

Love,

Hjertelig Hilsen Helle Romme Hausen

Meskill Assembly

Governor Thomas J. Meskill came before the youth of Manchester for the first time in Bailey auditorium, becoming an open target for their endless questions and comments. The governor could not spend enough time, though, to hear all the students and many left dissatisfied.

Mottos That Didn't Make It!

Within the shadow of the divine perfection.
A friend is a present you give yourself.
To strive, to reach, to find and not to yield.
Excelsior! Excelsior! Excelsior!
Education is the gift of knowledge.
Smile, Love and be happy.
The present is the blueprint of the future.
Youth of today; Leaders of tomorrow.
Let our education be the pathway to a better world.
Through courage and fortitude we shall persevere.
May our life be like that of an apple tree, fruitful.
As we climb the ladder of life, each rung will be a rewarding experience.
Live for the present; the future is uncertain.
Give to others and you will receive much more.
A happy man is at peace with the world.
Live in peace and love and you will find joy.
It is better to give than to receive.
Be studious and steadfast; then you will achieve.
Friends come in pairs; people were meant to be sociable.
Our outcasts may be another's kings; there is a place for everybody.
War brings prosperity; Peace, depression.
Everything functional is beautiful; Be functional.
Like the waves on the sand we too are restless.
Happy is the man who can fly; dead is the man who tries and fails.

We live for ourselves,
We hope for each other,
And we dream for the world

IN THE YEARS WE SPENT TOGETHER, EACH OF US HAS LEARNED AND GROWN

NOW WE SEE WHAT WE'VE ACCOMPLISHED, AND WE START OUT ON OUR OWN.

BUT THE FUTURE IS SUCH A MYSTERY AS WE END OUR HIGH SCHOOL DAYS.

AND WE'LL START OUR LIVES WITH NEW FRIENDS WHEN WE GO OUR SEPRATE WAYS

If love were a tree,
And understanding were the roots
of this tree,
These roots would search for many
life giving elements.
As they reach and grasp they become
one within one with the elements
around it.
As a part of nature
The tree would grow and flourish
with beauty.
Time is the only restraining force
this tree knows.
For time is needed to justly
share what it has taken from
the earth.
In sharing what it has found,
the tree then maintains a peace
that will last till it can no
longer share.

Kevin Conderino

It's going to come out,
All right — Do you know?
The sun, the birds,
the grass — they know

They get along —
And we'll get along.
C. Sandburg

Everyday brings a new thought
Every thought brings a new meaning
Every meaning brings a new understanding of me.
— Kevin Conderino

What will tomorrow bring?
Sunshine or rain —
Sadness or happiness —
Pleasure or pain?

The answer is yours to form
Start right away
For tomorrow's a flower
With its roots in today.

P. C. Mabry
