I hope your
 life holds all the
 beauty that is in these
 pictures. May your life be
 good & hold in it all the things
 you want, and what you deserve.
 Good luck & best wishes.
 Kathy Donlop
 P.S. Watch what you do with Paul!! ??
 No really, best of luck with chick.
 Keep in your mind all the fun experiences
 at John's.

ten thousand trees . . .
 a myriad of leaves . . .
 looking down from heaven
 on billowy clouds of fiery red
 Nature is personified in my memories.
 Each one more beautiful than the next.

— Jerry Kemp

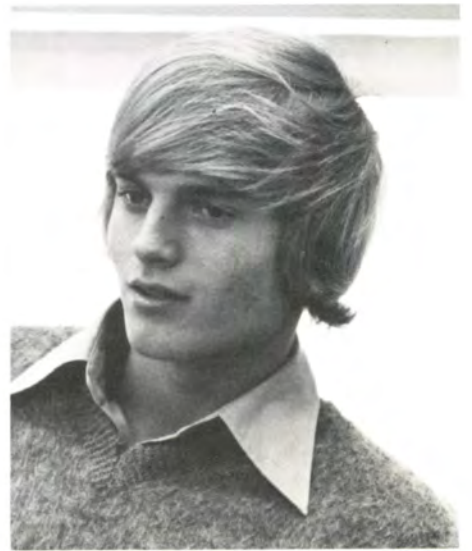

Sweet innocence,
the cradled youth.
Un-taunted by the cruel outside.
Un-knowing of the twisted lies.

— Sue Marteney

In the midst of winter
I finally learned
that there was in me
an invincible summer.

— Albert Camus

Allen,
To a real sweet
person, who I enjoyed
talking, laughing and just
being with. Let's keep
in touch. Lots of Good
luck and happiness.
Angela

A person worth knowing,
Is one who is aware of the people who exist around him.
One who realizes that all people are different,
And their errors many.
But he looks beyond their surface,
And sees the beauty hidden within all of us.

— Lynn Gordon

Kid,

Love when you can
Cry when you have to...
Be who you must
That's a part of the plan
Await your arrival with
simple survival
And one day we'll all understand.
- by Dan Fogelberg -

Love Always,
Chuck

Two roads
diverged
into a wood,
and I —
I took the one
less travelled by.
and that has made
all the difference.

— Robert Frost

Eileen,

Nature first green is gold
her hardest hue to hold
her early leaf's a flower
but only for an hour
then leaf subsides to leaf
so Eden sank to grief
so dawn turns into day
Nothing Gold can stay

Love, Joanne

Eileen,
 I'm really glad we had the chance to become friends this year. We had some great times at Shakeys doing unmentionables (your mom might read this!) Don't be too sad MHS is over cause we've got 4 great years ahead of us at SASC, we're gonna be neighbors. You're a really great person + quite a character. Never change!

CLUBS AND ACTIVITIES

American Field Service Exchange

The experience that I am having is wonderful and should stay with me forever.

During this year, I had to learn so many things and every moment of my life here is a new experience.

Here I discovered myself and I learned how important everything is, especially my parents because it was they who made this opportunity possible and my family here who helped me and has given me so much love.

Simone Lessa
Brazil

AFS has presented me with new places, ideas, new experiences, and above all, a new understanding of people. From the interviews by which I was chosen for the program, to the archaeological camps where I worked in Italy, to the speeches I've given and the other AFS activities I've been involved in, in Manchester, AFS has given me an unequalled opportunity to broaden myself and communicate what I've learned to others.

It's impossible for me to say here exactly what my summer in Italy meant. I could say that it meant coming home with a deep tan; a new set of muscles, and an attempted moustache. I could also say that it meant the warmth I encountered in so many of the Italian people. While either of those statements would be true, nothing could really tell you all that AFS has meant to me. I just hope you have the same kind of exhilarating and enlightening experience.

Andate en pace,

Giorgio Sweetnam

Youth for Understanding

Being an exchange student has been the greatest experience that I have had in my life. Living in another country for one year without knowing too much about the customs and rules this country has, has to be a great experience. Not only the good times make you feel happy, but the many problems you can have help you to get a better personal formation, sense of responsibility and character. It makes you feel proud of yourself and the people that give you the chance to become a part of their way of life — the family, the school, the friends. You learn to have respect for the people and to be a member of the community.

Daniel Arenas, Colombia

To be an exchange student is a great experience. I am lucky to stay here for a whole year and it is in no way a "lost" year, as so many people told me before I came here. The things I learned about others and myself and the experiences I made can never be made up by anything else. I learned to respect different attitudes and different ways of life. With many people I became good friends because they let me be one of them. The love and understanding my American family gave me and the many things they shared with me made me feel like a member of the family. The fact that I was one of them gave me the opportunity to see and experience America as an American and not as a foreigner. It was a wonderful year and I would just hope that many more students would have the chance to become an exchange student as I was.

Hold fast to dreams,
for if dreams die,
life is a
broken winged bird
that
cannot fly.

— Langston Hughes

This morning when I woke I found
Yesterday at the foot of my bed,
Crumpled up and tossed aside,
Like a sock meant for the hamper.
For one brief moment I stroked his
furrowed brow,
But as he tried to clasp me to him,
The laughter of the other children
Fell through the open window
And spilled across our laps,
And though his eyes implored me, I left
him.
But in the sunshine, Today and I
Shared a secret, and,
Laughing at our dew-drenched sneakers
Squelching in the meadow grass,
We caught a glittering butterfly
And gave it to Tomorrow.

— Rae Strickland

For without words, in friendship, all thoughts, all desires, all expectations are born and shared, with joy that is unclaimed.

— Kahlil Gibran

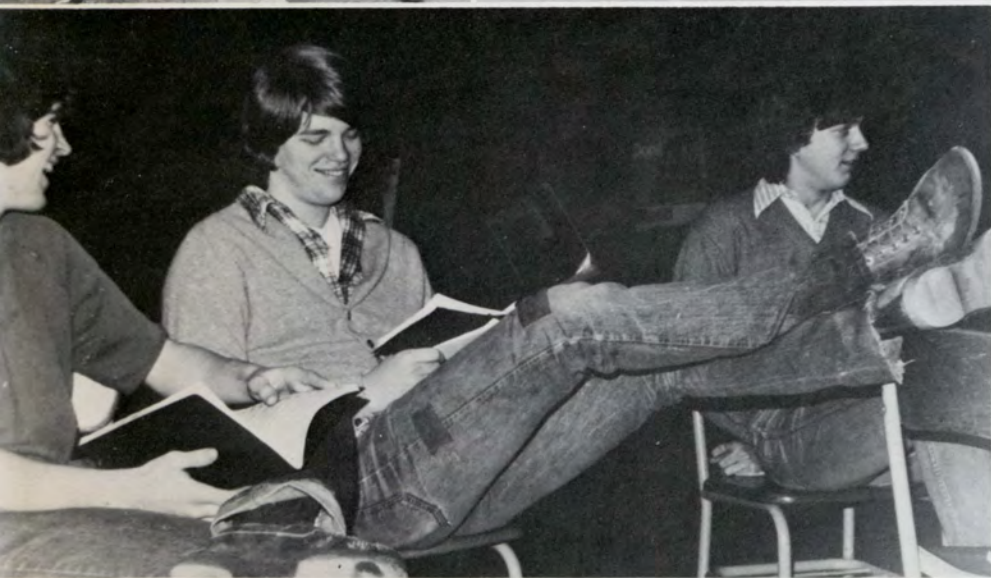

Eileen,
Take it easy and don't
work too hard.
Remember
 $2H + O = H_2O$
(HA! HA!) Vickie

And in the sweetness of friendship let there be laughter, and sharing of pleasures.

— Kahlil Gibran

Our answer is the world's hope;
it is to rely on youth —
not a time of life but a state of mind,
a temper of the will, a quality of the imagination
a predominance of courage over timidity
of the appetite for adventure over the love of ease.

— Robert Kennedy
