Dear ninth graders,

Each year our Bennet Yearbook seems better than the one produced the previous year. I am sure your yearbook this year is no exception. I know that many of you have worked long and hard to make this book possible. You have my thanks and appreciation for a job well done.

A yearbook is a record of the deeds and accomplishments of your class while at Bennet. The present ninth grade class has been one of the outstanding classes to pass through Bennet and I am sure the record in this yearbook will show that.

It is the hope of all of your teachers here at Bennet that you will continue to enjoy success in the years ahead. As always, we will follow your future accomplishments with great interest.

Thank you for your contributions to Bennet and we wish you the very best in the future.

Sincerely,

Allan L. Cone

Perceptions of a Ninth Grader

Walking down the crowded halls, I realized how insignificant I was in this mammoth school. Or was I? Even though I represented only a very small fraction of the population I was a leader. Nervous seventh graders use my examples and thoughts which I had learned from ninth graders of other years. I follow my own interpretations of the models of these ninth graders.

Varsity Football

Bennet's Varsity Football Team finished the season with a 3-3-1 record. They began the season with a tie and went on to lose the next two games. Then Bennet began to rally winning the next three games, but their winning streak was broken by Illing in the last game of the season. Bennet scored in the first quarter with a touchdown. Then Illing went on to score after a blocked punt, adding two extra points to their score.

The Bennet defense consistently blocked Illing throughout the game and although Bennet failed to score, they did a great job moving the ball.

Each morning everyone at Bennet hears among many announcements, the sports results, but all we know are the names of the great athletes who lead Bennet to frequent victories. Then one afternoon, and one afternoon only, in the quadrangle we had the pleasure of meeting these potential olympians in person - at the Pep Rally.

It was there we saw much more school spirit than was seen in previous years.

SHOW
SOME
CLASS!!

The first "Dress-Up" day was held back about 1963. This was back when we had banners for the classroom with the best team in intramural sports. I had a very fine class over in M22 which decided during a class discussion, that it might be fun to "Dress Up" one day a week for a time. This was in contrast to the extremely casual dress (for those days). I believe most of the girls in my class wore dresses that day and the boys neat shirts, some with ties, and, of course, no jeans.

It was so popular that, as I recall, the council that year called for a similar day for all the students. Of course today's standards are different from then, and casual today would have been unkempt at that time.

Jane,

I just got to know you this year. Were you here last year? I know you went to selling ~~last~~ in 7th grade, but I didn't know about 8th. You're a really nice girl, and I really wish I could have gotten to know you better. You really write well. I love your poem up above! ~~I hope~~ Wasn't Québec fun? I know you had a nice time that time at the roller skating rink with one of those Ontario guys! I hope you have a nice summer doing whatever you'll be doing! I hope I see you at the high school.

The night has gone by quickly,
A ray of beauty almost blinds
And as I open my eyes
Slowly,
To find the clear blue sky over
An open field of rich grass,
While flowers start to close up
For a long winter's nap.
The colorful leaves with no
Intentions of ever being found.
They sway and yet drift
Motionlessly to the ground,
Leaving the bare trees standing
There.
