Faculty

Administration and Secretaries

Manchester High School has been and will continue to be an excellent comprehensive high school. We are now at a crossroads in our history. Decisions must be made which will affect this school and students here well into the 1980s. It's an exciting challenge for all of us. We all must be involved.

My name is Jocelyn Ivory and I am from New Zealand. I was sponsored by the AFS International Program. This qualified me for a year's study in an American high school and the chance to live and learn the true life of an American teenager. I am 18 years old and am in the senior class here at MHS. So far my stay has been really neat and everything that I didn't expect. The staff and students have been very good to me and I really appreciate their friendship. I'd like to thank all those who are involved with AFS and the students, and especially my host family the Bensens. I know I am very fortunate to have this experience and I want to wish you all the best for the future. Thank you for everything.

Jocelyn Ivory

My name is Juan Manuel Pedrini. I am an exchange student from Argentina. I am 18 years old. The AFS program in Argentina does not promote tourist travel. When we come here we must learn to live in a different society with an American family with other customs and a different language. As an AFS student I learned to understand and enjoy the different cultures of the world.

I want to say thank you to my host family, the MHS teachers, and the MHS students who have helped me to understand and to have a good year here. I was very fortunate to be able to spend this year in MHS and meet you. I always will remember

this wonderful year. Thanks again.

Juan Manuel Pedrini

During the summer of 1978, I had the good fortune of traveling abroad with the American Field Service. I was placed with a family in the city of Shiraz, in Iran. The experiences I had and what I have learned from them are invaluable to me. Iran has such a drastically different culture than we do; being away from the U.S. gave me the opportunity to think objectively about my country and myself. I remain very close with my Iranian friends and family and I think of my trip often.

It was quite interesting to see how different cultures react to one another on a personal basis and on a diplomatic one, as we all are observing now. For me it was a personal achievement to be able to understand and communicate with peoples of different values and lifestyles. Of course it was not always easy and my attempts were not always successful, but it was all worthwhile.

A F S which means American Field Service, is a service and social club at the high school that helps promote better understanding between students of the U S and other countries in the world. A.F.S. Club, along with its adult chapter, has three major scholarship programs:

1 One brings students from any one of sixty nations to live with American families and attend one year of American high school.

2 The second program sends American students abroad for either a summer or a year for living and study experiences.

3. The third program allows students to live in a different part of the United States for a semester or the summer

This year Manchester High School A.F.S. Club hosted two A.F.S. students from foreign lands and sent one student abroad for the summer Juan Pedrini, of Argentina, and Jocelyn Ivory of New Zealand, spent the school year at the high school. Jacqui Hedlund, our returnee spent the summer of 1978 in Iran.

In addition, the club held an A.F.S. weekend with chapters in this area, participated in a Short Term Exchange Program with students from another high school in another state and had numerous fund raising activities during the year The student president for this year was Karen Bensen.

. . . in memory of the four students
who died in 1978

WILL THEY THINK?

WHEN ALL THE LAUGHTER DIES IN SORROW
AND THE TEARS TURN INTO FLOOD,
WHEN ALL THE WARS HAVE FOUND A CAUSE
IN HUMAN WISDOM AND IN BLOOD,
DO YOU THINK THEY'LL CRY IN SADNESS?
DO YOU THINK THE EYE WILL BLINK?
DO YOU THINK THEY'LL CURSE THE MADNESS?
DO YOU EVEN THINK THEY'LL THINK?
