I am as cute as a kitten.

Jerry Odell

The Magic Flying Phoenix

One day, out in the woods, a woodsman and his cat found a log on fire. The log was not a real log. The log had a baby phoenix in it. Once the cat saw that, he jumped on the log and started to hiss at the baby phoenix. The woodsman said, "Get down from there." The cat meowed and started to get down.

The man decided to take the baby phoenix home and to take care of it. When the baby phoenix was an adult, the phoenix gave the man and the cat a lot of magic.

Two weeks later, the man had a wife and a lot of kids, cats and phoenixes. The woodsman loved to have so many children and animals, but nothing will make him forget about the day in the woods when he found his first baby phoenix.

TO: Bennet Middle School Students
FROM: Marsha A. Gunther, Principal
DATE: June 1995

Congratulations to the Grade 8 class of 1995. You were the first class to start at the newly reorganized Bennet Middle School as sixth graders. You have spent the past three years forming new friendships, attending classes in a variety of buildings, using new equipment and facilities, gaining skills, and becoming self-reliant.

You are now ready to meet new challenges in a high school program. I am sure that you will look back at many experiences at Bennet that have changed and readied you for this new adventure.

I have enjoyed watching your progress and sharing with you the Bennet years. You will always be the first class of the middle school and forever in the big photograph we took on opening day September 8, 1992.

Best wishes to you all. You have been and will continue to be very special.

I now charge the Grade 7 and Grade 6 students to take up the leadership challenge for 1995-1996.
